

IMPORTANT COMMITTEE CHAIRMANSHIPS WON BY SUPPORTERS OF WOOD

TREND OF TALK AMONG THE OLD LINE LEADERS POINT TO GOV. LOWDEN

**Frank H. Hitchcock, Wood Strategist, Claims
Leadership of Two Important Committees
Will be Big Help to His Candidate—Sup-
porters of Illinois Governor Declare His
Chances Growing Brighter Every Hour**

CHICAGO, June 8.—The Wood forces, although the general trend of the talk among old line political leaders is toward Lowden, are elated tonight. They won a victory in the principal business transacted.

Instructed Wood delegates won the two most important committee chairmanships—Senator Watson of Indiana for resolutions and Edward D. Duffield, of New Jersey for credentials.

Frank H. Hitchcock was designated by the Wood delegates as their supreme strategist. "Think of the psychological effect of this victory," he said, when asked where and how he expected Wood to benefit from these steps in organization. "We controlled the committees against powerful opposition, almost solid anti-Wood forces," Mr. Hitchcock added. "So far as increasing our total number of delegates is concerned the selection of Mr. Duffield over Charles H. Innes of Massachusetts, is of small amount. We will make no effort to overturn the work of the national committee on contests. To do so would prejudice the Wood cause and I have given our forces instructions to not do so. Rough stuff will not come from us, but we are glad to be able to show that the majority of the committee on credentials, also of resolutions, is not against Wood."

Much Lowden Talk
While these developments were taking place, the drift of the talk, and it may be nothing more, was tending toward Lowden.

It was kept going by the old line party leaders—but whether it is sufficiently potent to affect the delegates who are opposed to Wood or Johnson they do not profess to know themselves. The program, if it can be so called, is first to establish to the satisfaction of uninstructed delegates and those only instructed as a complement to men who have failed to make further headway, that neither Wood or Johnson can get enough to win. Some of these leaders are said to be willing to put Lowden in the same list.

Many Delegates Uninstructed.
With less than half of the delegates sewed up with instructions which many say do not in all cases represent the desires of the men bound by them, the sponsors for the Lowden talk advocate a rapid succession of ballots to produce as quickly as can be done honorably a cracking of instructed support. Those who are now talking Lowden say they believe the disintegration will begin with Johnson and Wood forces.

It is not clear why they profess not to fear that Lowden will be affected in the same way. One reason behind the willingness of these Lowden advocates to take all the risks that necessarily accompany efforts to upset instructions is said to be supporters of Lowden would be satisfied with any conservative who can be nominated and have a harmonious party behind him, whether it be Harding, Sproul, Knox, Coolidge, Hughes or some one who has not yet figured conspicuously.

Ready for Test.
"Let's have the test," they say. "No one has had any particular advantage so far. If we can't win with Lowden we will try another."

In contrast to Mr. Hitchcock's statement, Governor Lowden and Senator Johnson expressed their views of the situation in the following statements:

"The reason coming to us today makes us very optimistic and I am entirely satisfied with the situation," said Governor Lowden.

Senator Johnson said:

"I have abiding confidence in the ultimate result."

Those who are talking for Lowden acknowledge that they want to head off the nomination of General Wood. The Johnson people in turn declare that both the Wood and Lowden managers are doing everything they can to corrupt Johnson delegates.

The fight tonight is concededly to weaken both the Wood and Johnson forces and turn the game to Lowden. Whether it will suc-

Johnson Confident

CHICAGO, June 8.—Senator Johnson reiterated confidence today of winning the presidential nomination and again expressed complete opposition to "this league of nations, with or without reservations."

He declared that any other stand than that sponsored by him would make the Republican party "a laughing stock." "I have an abiding confidence in the ultimate result," he said. "I feel very certain that this convention, in view of all that has transpired, will recognize the expressed popular choice of the rank and file of the Republican party. Men would be unwise, even recalcitrant to the party, if they did not recognize the choice."

"I have heard," but I do not believe that the Republican platform will take a quibbling position on the League of Nations. I am certain it will take its stand emphatically. Imagine us going to the country now with the idea of the democratic party and the Democratic president."

Answering questions as to the league, Senator Johnson declared: "I am not compromising. I have no compromise to make. I am against this league. There are no reservations that can cure its evils, its wickedness."

Senator Johnson said he would go on the floor of the convention if necessary to oppose the league, but did not think it would be necessary.

**\$500,000 IN JEWELS
STOLEN FROM CARUSO**
EAST HAMPTON, N. Y., June 8.—The country home of Enrico Caruso, tenor, here was burglarized this afternoon and jewels valued at \$500,000 were stolen.

The police reported tonight. The stolen jewels included a diamond necklace valued at \$75,000.

The robbery was discovered by Mrs. Caruso when she returned to her home at 10:30 o'clock and found the house ransacked. In addition to the diamond necklace, a pearl necklace, valued at about \$75,000 to \$100,000, the bridal gift of Mr. Caruso, also was taken.

A partial list of the stolen jewels made public to the police, includes eight diamond rings, a pair of diamond ear rings, two diamond hairpins, flexible diamond bracelet and two gold watches.

**SEVERE STORM HITS
NORTHERN STATES**
BRECKENRIDGE, Minn., June 8.—Fifteen persons were injured, four coaches of Northern Pacific passenger train No. 15 were blown from the track tonight near Foxholme. A score of others were injured more or less. A. A. Caribem, of Gwinner, N. D., former state auditor of North Dakota, was perhaps fatally injured. His daughter, also, was seriously hurt.

When the storm came up the engineer stopped the train, fearing a washout in the heavy down-pour of rain. The wind picked up the four coaches, turned them over and fire, which set in, destroyed them.

**MARCH RECEIVED
BY KING ALBERT**

Brussels, June 8.—General Peyton C. March, chief of staff of the United States army, was guest of King Albert at the palace today, where luncheon for 20 was served. Subsequently he visited the premier and war minister. On his way here from Antwerp, General March stopped for a half hour at Cardinal Mercier. He will leave Brussels tomorrow for Coblenz, where he will visit the allied Rhineland commanders. On June 18 he plans to leave for Paris, visiting Rheims on the way.

TRIAL CONTINUED

St. Louis, June 8.—The trial of Mrs. Lillian Woodcock, 36 years old, on a first degree murder charge, in connection with the death of her husband, Joseph P. Woodcock, a plumber, April 14, 1919, was continued until the fall term of court today.

CREDENTIALS BODY SPENDS MOST OF NIGHT CONSIDERING APPEALS

**Wood and Lowden Factions
Clash Frequently in Course
of Work**

CHICAGO, June 8.—Late tonight the credentials committee of the Republican national convention was still at work hearing appeals from last week's decisions of the national committee in the questions of contested state delegations. Practically the same ground was being gone over and the prospects were the committee might sit until the small hours of the morning so as to complete its report and enable the convention to go ahead tomorrow with a permanent roll of delegates. Of the 137 contestants decided by the national committee 101 were appealed. Another new case from Oregon involving the delegate who refuses to vote for Senator Johnson despite the senator's victory in the primary, was filed.

The Wood and Lowden forces clashed promptly. Edward D. Duffield of New Jersey, said to favor Major General Wood, was elected chairman by a vote of 28 to 16.

Henry Lincoln Johnson, the Atlanta negro, who was chosen national committeeman today, and three other delegates at large, regarded favorable to Lowden, were placed on the permanent roll. The Wood forces gained one Georgia vote, however, when the committee unseated a Lowden district delegate. The committee's action left the Georgia delegation standing twelve unpledged, but claimed for Lowden, and five instructed for Wood.

The four Missouri district delegates on the roll call favorable to Wood were seated when the contestants failed to appear.

The delegates from the second and fourth Oklahoma districts placed on the temporary roll by the national committee were ordered seated. The second district delegates are uninstructed while the two delegates from the fourth are for Lowden.

The Alabama contest, in which a negro challenged the seat of a Lowden supporter, was dismissed after a brief statement by the negro.

The committee adopted a rule to limit hearings on delegates at large to ten minutes and districts to five, except in unusual cases.

Filing of the Oregon contest was questioned. Lafe Gleason, temporary convention secretary holding New York's proxy, said no contest had been filed, as permitted under the national committee's rules, with the national committee. The credentials committee then adopted a motion to refuse consideration of contests not complying with the rules.

The Arkansas delegates at large, headed by National Committeeman Remmel, were seated by the committee, sustaining the action of the national committee. Contests in three Arkansas districts were withdrawn.

The entire Florida delegation on the temporary roll was seated without a hearing, no contestants appearing. Of the eight Florida delegates, six are pledged to Wood and two unpledged, but reported to favor Senator Johnson.

**MARTENS' CASE LEFT
TO PRESIDENT WILSON**

Washington, June 8.—Request for the subpoena of Major General William S. Graves, former commander of the American forces in Siberia, and Raymond Robins, former American Red Cross commissioner to Russia, in the department of labor's deportation proceedings against Ludwig C. A. K. Martens, was denied by Immigration Inspector Shell, who is conducting the hearings. The case is expected to go to President Wilson for final action.

WEATHER INDICATIONS.

ILLINOIS: Generally fair on Wednesday, except probably local thunder showers in north portions; warmer in northeast portions Wednesday; cooler in north portion Thursday.

THREE DIE FROM BURNS

Muskegon, Mich., June 8.—Mrs. Clark Stone, aged 34, and two children, Gladys 7, and Virginia, aged 2 months, died late today from burns received when kerosene with which the mother was lighting a fire, exploded setting fire to the home. Two other small children were rescued by neighbors.

BANDITS LOOT BANK

Pittsburgh, Pa., June 8.—Masked bandits this morning entered the Hayes national bank in Hayes, Pa., ten miles from Pittsburgh, and after locking the cashier in the vault looted the bank, escaping with \$6,100 and some liberty bonds.

PIONEER DENTIST DIES

Bloomington, Ill., June 8.—Dr. Thomas H. Smith, a pioneer dentist of this city, died here today. He was the father of Robert Sidney Smith, the cartoonist. Dr. Smith was born in New Brunswick in 1843 and as a young man learned the lumber business in New York state. After retiring from dentistry he recently returned to his first love and established a saw mill in a timber tract near here.

After retiring from dentistry he recently returned to his first love and established a saw mill in a timber tract near here.

LODGE STATED FOR PERMANENT CHAIRMANSHIP

**Name Will be Pre-
sented to Conven-
tion Today**

**WINS ON
FIRST BALLOT**

CHICAGO, June 8.—Senator Lodge, temporary chairman of the Republican national convention, was selected today by the committee on permanent organization as permanent chairman, and his name will be presented tomorrow to the convention for approval.

There were three nominations for the place, and Senator Lodge was named on the first ballot, over former Senator Beveridge of Indiana, and Senator McCormick of Illinois. The vote was: Lodge, 22; Beveridge, 9; McCormick, 7. On motion of the Illinois men the recommendation was made unanimous.

The remainder of the temporary organization was recommended for permanent service, without opposition.

Senator Lodge was placed in nomination by William Barnes of New York. Mr. Beveridge by Gov. Goodrich of Indiana, and Senator McCormick by Lieut. Gov. Oglesby of Illinois. No speech making followed the nominations, and the vote resulted as follows:

Lodge—Colorado, Connecticut, Kansas, Louisiana, Massachusetts, Michigan, Mississippi, Minnesota, Nevada, New Hampshire, New York, North Carolina, North Dakota, Oregon, Rhode Island, Tennessee, Utah, Vermont, Virginia, West Virginia, Wyoming—22.

Beveridge—Arkansas, Idaho, Indiana, Kentucky, Missouri, New Jersey, Oklahoma, Porto Rico—9.

McCormick—Alabama, Delaware, Illinois, Iowa, Maine, Maryland, Nebraska—7.

**REFERENDUM VOTE ON
INDUSTRIAL QUESTION**

WASHINGTON, June 8.—The United States Chamber of Commerce today submitted to a referendum vote of more than thirteen hundred industrial and commercial organizations making up its membership, twelve principles of industrial relations, drafted by the chamber's board of directors. The voting will close at the expiration of forty-five days.

Points covered include the open shop, collective bargaining, formation of so-called shop committees for the discussion and adjustment of employment relations, protection for the health, safety and well-being of employees, wages, hours of employment and the right to strike of workers employed in lines of endeavor necessary to the public welfare.

PIONEER DENTIST DIES

Bloomington, Ill., June 8.—Dr. Thomas H. Smith, a pioneer dentist of this city, died here today. He was the father of Robert Sidney Smith, the cartoonist. Dr. Smith was born in New Brunswick in 1843 and as a young man learned the lumber business in New York state. After retiring from dentistry he recently returned to his first love and established a saw mill in a timber tract near here.

1920 WINTER WHEAT CROP PRODUCTION FAR BELOW LAST YEARS'

**Will be 160,000,000 Bushels
Less Than Total Production
for 1919**

WASHINGTON, June 8.—Despite an improvement of 19,000,000 bushels in the winter crop during May and an indicated spring crop 68,000,000 greater than that of last year, the total wheat production for 1920 was estimated today by the department of agriculture at only 781,000,000 bushels, or 160,000,000 bushels less than the total for 1919. From the condition on June 1, the spring crop was estimated at 277,000,000 bushels, or 18,000,000 more than the five year average. A total winter wheat production of 504,000,000 bushels was forecast. This is 228,000,000 bushels less than that of last year and 559,000,000 below the average for the five years ending in 1918.

"All told the present outlook is considerably better than could reasonably have been hoped earlier," said the department's announcement. "While almost a fifth less than the great crop of last year, it is only about a twentieth less than the average crop of the five years, 1914-1918, which included the three largest crops in our history, excepting last year's crop."

The department said that while the Hessian fly was present from North Carolina to Kansas, no very serious damage had been reported. Some rust, not serious, was reported in the southern central belt. The late spring and low temperatures were blamed for the slow development of the plant and it was said that there was possibility of the repetition of the grasshopper damage of last year in the Dakotas.

Simultaneously with the department's announcement a committee representing farm organizations, presented a memorial calling attention to what was described as "the critical situation existing on the farm and the resulting menace to the nation's food supply."

It is said lack of farm labor had cut down production one third in some sections and that many millions of acres of land were being "uncropped." The wheat crop, it was reported, nearly 300,000,000 bushels short and the late spring had seriously affected the corn crop.

"World supplies are short," the memorial continues, "and higher food prices seem inevitable. Bread lines and food riots are not beyond the possibilities of the next twelve months."

"Lack of bank credit and high interest rates are causing thousands of acres of good pasture land to go uncropped. Later shortages of both beef animals and dairy animals will be the result."

The memorial was signed by the American Farm Bureau Federation, the National Grange, and the Farmers' Union.

**LABOR DEMANDS
ADOPTION OF LEAGUE**

MONTREAL, June 8.—Ratification of the peace treaty without any reservations that would injure the effectiveness of the covenant of the league of nations was demanded of the United States senate in resolutions presented today for adoption by the American Federation of Labor at its annual convention here.

The convention also was asked to make "emphatic and earnest protest against the tactics" in congress which have prevented ratification of the treaty. This was asked in a resolution presented in support of the report on the legislative counsel which has asserted that, "in addition to labor's road interest in the treaty has a specific and definite interest in the labor section."

FRAMING OF PLATFORM IN HANDS OF COMMITTEE HEADED BY SEN. WATSON

**Public Hearings Being Held for All Who
Have Any Suggestions to Make—League
of Nations and Peace Treaty the Most Difficult
Problems to Solve in Writing New
Platform—Expect to Finish Work Thursday**

CHICAGO, June 8.—The real job of framing the Republican platform was entrusted tonight to a resolutions sub-committee of 13 while the full committee of 53 appointed by the convention was conducting a public hearing of all of those who had suggestions to offer.

Senator Watson, of Indiana, overwhelmingly elected chairman of the committee earlier in the day, followed the usual custom and assumed also the chairmanship of the sub-committee. Among the other members named by him were Senator Borah, of Idaho, who wants a plank rejecting entirely the League of Nations; Governor Beekman, of Rhode Island, who has publicly objected to too much senatorial control in the convention, and Ogden L. Mills, of New York, who headed Chairman Hays on the policies of the party to "full protection" of the United States.

McCormick, of Illinois, and the loanings of some of the members has not been revealed. It was said an effort had been made to make the sub-committee representative of all the extremes of Republican opposition, particularly on the still unsolved treaty issue.

Also the hearings of the full committee will continue thru tomorrow, it was thought the sub-committee might begin its work early in the morning in the hope of completing the platform by Thursday.

Among those heard tonight was Henry Lane Wilson, of Indiana, former American ambassador to Mexico, who pleaded for a platform declaration recognizing "direct responsibility" soldier conditions in Mexico, not pledging the party to "full protection" of American property in Mexican territory. He said, however, he did not advocate action "which would lead to intervention or war."

"The present administration," said Mr. Wilson, "drove from its legitimate place a legally installed government and brought chaos. Finally, in a blind, unskillful attempt to remedy the injury it had done, it set up a military autocracy without the consent of the Mexican people. As a result continued chaos has reigned and the outlook today is as black as it was seventy years ago."

The meeting, also, was colored by a woman suffrage argument, which, by unanimous consent, was allowed to run far beyond the time limit. Leading the suffragists, Mary Gurnea of New York, asked the Republican national organization to take some action which would insure ratification of the suffrage amendment, and Mary G. Kilbreth, of New York, head of the National association opposed to woman suffrage, argued that opposition to suffrage would be the best party policy.

Suggested planks on child welfare, education, establishment of a federal woman's bureau vocational training, public health and morals and independent citizenship for America women who marry aliens were presented by a committee from the national league of women voters.

A plank on public utilities was urged by Thomas M. McCarter, of New Jersey, and George Wharton Pepper, of Philadelphia. Charles A. Hinch, speaking for the foreign trade council, asked attention for the world trade situation, which, he said, was bringing about a decrease in the favorable balances enjoyed by the United States.

N. C. Richards, of Washington, supported by Governor Campbell, of Arizona, presented a plank endorsing, they said, by all western states, concerned, demanding a fixed and comprehensive policy for reclamation of arid lands.

Governor Campbell asked particularly that representatives of the grain and middle western states be not permitted to block continuation of the program thru fear of competition in agricultural products from reclaimed land.

Among the last speakers heard before the committee quit work for the night was Lester P. Barlow, national chairman of the World War Veterans' association, who demanded immediate release of political prisoners and opposed universal military training.

As at first announced by Senator Watson, only 11 members were included on the sub-committee, but they said, by all western states, concerned, demanding a fixed and comprehensive policy for reclamation of arid lands.

Chicago, June 8.—The Republican convention's resolutions committee formally organized late today, overwhelmingly elected Senator Watson, of Indiana, its chairman, and plunged into the grind of hearings and conferences out of which will come the party's platform.

Immediately there came a deluge of applications and petitions and Chairman Watson declared almost continuous sessions would be necessary to give hearings to all and to work out a program in time for submission to the convention Thursday.

Those clamoring for an audience included wets and dries, suffragists and anti-suffragists, economists, Irish sympathizers, labor leaders, and many others. Some were heard today and tonight, but the majority, including the labor representatives and a delegation which wants freedom for Ireland, had to be put over until tomorrow.

Meantime, arrangements were made for a sub-committee to work on disputed questions, including the party's stand on the League of Nations and other outstanding issues still in contest.

Senator Watson was chosen chairman by a vote of 1 to 3, only the members from Kansas, Maryland and Georgia voting for Ogden Mills, of New York.

Doors Opened.
Immediately after effecting its organization, the committee threw open its doors, but before the hearings had gone far they were suspended while by unanimous vote it was decided to put a time limit on all who desired to be heard. On questions where two sides were to be presented, the allotment was fifteen minutes in all, equally divided, and on all other subjects it was five minutes.

Among those who appeared today and tonight were Prof. Irving Fisher, of Yale, who advocated an investigation of currency inflation; former Representative Charles N. Fowler, of New Jersey, advocating revision of the banking and currency laws, and S. P. Bond, of Missouri, who wanted price finding in war times declared unconstitutional.

Tomorrow Samuel Gompers, president of the merican Federation of Labor, is to present his program; Henry Lane Wilson, former ambassador to Mexico, is to recommend a Mexican plank, and a delegation headed by Frank P. Walsh, is to argue for a plank advocating Irish freedom. There also are scores of others on the day's program and the list tonight was growing.

Despite six months of work by the committee of 171, and several weeks of conferences among the leaders in Washington and elsewhere, the committee has a long way to go in writing a platform. Questions remain to be answered.

Foremost is the League of Nations plank, but other ticklish issues included anti-strike legislation, the soldier bonus, and many proposals by farming interests.

A determined effort would be made, it was said, to have the platform to include a plank at least endorsing in general terms the action of the Republican senate in writing an anti-strike provision into the railroad bill. In many quarters that proposal met with fiery opposition, however, and the labor leaders on hand were expected to help in the fight against it.

A declaration for enforcement of prohibition will be asked, though many of the party chiefs are said to agree that the liquor issue should be considered settled. It was suggested that a compromise plank might be framed declaring for strict law enforcement.

Many leaders also want to let the suffrage question alone, but some think the platform should urge "the ratification of the amendment be completed."

It was prayed generally that the direct reference soldier bonus legislation would be made in the platform, but that a plank would be adopted stating in general terms that the party favored generous treatment of former service men. That may not satisfy the Republican house members, which passed a bonus bill, and a fight in the committee may develop.

The League of Nations.
The fight over the League of Nations is a continuation of the long struggle at Washington. With the same senators in their accustomed roles and the same arguments and animosities, it appeared tonight that the great drama had been transferred complete to a new background.

Whether the convention floor is in turn to repeat the story of the floor in the senate, with the contestants carrying their fight into the open, as they did at Washington, remains a question of speculation and some concern.

Neither the irreconcilables nor the mild reservationists were ready tonight to take the middle ground plank, fashioned by the pre-convention platform builders, and each element was preparing for a fight.

THE BUDGET SYSTEM NEEDED

It is unfortunate that President Wilson saw fit to veto the budget bill almost in the closing hours of congress. The president declared that he was in favor of the purpose of the bill but that he was opposed to that section that took away a certain amount of authority of the president.

In his view such a provision would make the law unconstitutional. Certainly the advantages of the budget bill, on which Senator McCormick and some of his colleagues had spent so much time and thought in an effort to bring about business methods in governmental expenditures, were sufficient for the president to have left the question of constitutionality for court decision.

large factors in increasing the living costs were answered at the recent convention of advertising clubs. That answer was that without advertising there would be no large distribution of products. This means that producing companies dealing in essential lines could not build up great businesses as they do now, without advertising. The effect of this great production is to reduce its cost.

It is a well known fact that one large well managed manufacturing plant can produce goods at a much less cost than half a dozen smaller factories whose total production is no greater than that of the giant concern.

THE SOCIETY SPIRIT

The seventy-fifth anniversary of Phi Alpha society has brought to Illinois college some graduates of years gone by who are seldom visitors here. There is no denying that the society spirit takes a strong hold on the men of old Illinois and the admiration for the society lives thru the years. These literary societies of the college, without the fraternity features have been of vast worth in the making of the institution.

While the graduates of earlier years and of later years cherish the memories of the societies, they realize full well that these societies are not greater than the college itself, and that old Illinois is in truth the alma mater of both Phi Alpha and Sigma Pi.

THE TENSION IS STRONG

The wish of the delegates and the leaders at the big Republican convention to speed up and finish their work before the week is over is shown in the decision to make the temporary organization permanent. Senator Lodge thus becomes the permanent chairman and so a second keynote speech is wiped from the program and several hours' time saved.

No doubt the leaders who brought about the selection of the veteran senator for the temporary post had this thing in mind, recognizing that the record of Senator Lodge is one which commands him to both factions in the party organization.

The tension will be strong in Chicago today and tomorrow, with a possible nomination Friday. There will be a lot of disappointment for candidates and their friends in the days immediately after the convention, but when the strain is past and men think normally again, there will be no doubt about the unanimity of party feeling and the common desire to push ahead to victory in November.

KEEP THE STOCK ROLLING

The interstate commerce commission has appropriated \$125,000,000 of the fund at its disposal for the immediate use of the railroads in buying rolling stock. This should help out some in the present financial situation for the railroads have long been counted as furnishing a barometer of business conditions. But the greatest need of the hour is to have the railroads' rolling stock kept rolling. If the semi-tieup of transportation could be quickly straightened out, tight money conditions in many an instance would be relieved.

COL. CAPPS AS MINISTER TO GREECE

While Col. Edward Capps has been for a long time a resident of an eastern city, he still belongs to Jacksonville as his boyhood and college days were spent here. Therefore Jacksonville at this time finds itself honored by his appointment by President Wilson as minister to Greece. When he goes to Athens next month it will not be to a strange city. He has made several visits there and to other parts of Greece. They have not been visits in the ordinary sense of that word, but long stays made in the earlier years for research work and in the war time to carry relief to stricken people.

The best years of Col. Capps' life have been devoted to his study of Greece and its people. He is thoroughly familiar with the history and traditions of that country and with present day problems. If the president had always been as happy in his choice of men to represent the U. S. in its diplomatic relations, the service would not have been subjected to much of the merited criticism of recent years.

IN DECATUR

At Decatur recently members of the Rotary club had what they termed "Competitors' day." Every member invited his competitor to be his guest, and so the luncheon hour found business rivals seated about the tables. They were evidently friendly rivals, or at least will grow more friendly as the days pass. There have been various agencies at work in the past few years to bring about a better understanding among business men.

Competition is just as keen as it used to be, but not characterized by bitterness, and in most instances animosities have disappeared. Many a business man has found that the competitor whom he formerly disliked is really a very fine fellow and this improvement in conditions—this increased

fellowship among men—constitutes a fine tribute to modern business methods.

It should be said in passing that it is not at all surprising to know of such a meeting in Decatur. That is a city where business men have a state wide reputation for a willingness to pull together, to co-operate strongly in the support of every worth while proposition, whether for monetary or civic betterment.

Rippling Rhymes By Walt Mason

THE CAMPAIGN.

Let's have a clean campaign, devoid of squabbles vain; to candidates and kindred skates a courteous mein maintain. Let's hold no long disputes with eloquent gablots, not fill the air with fur and hair, and bricks and rocks and boots. It's useless to get sore and rant and walk the floor, convincing rakes of their mistakes—they'll make the same some morn. It's useless to see red, and punch your neighbor's head; because that might as well be shot, when all is done and said. The statesmen come along and chant the same old song; if they get in they'll banish sin, and out-law every wrong. I hear the siren tune the smooth old statesman croon, and much it means to horse marines and people in the moon. But I have heard it sung since days when I was young; and I am wise to all such guys, for often I've been stung. And so, while others scrap and yammer, yip and yap, I prune my trees and herd my bees, and keep some snail on tap.

An ambitious young man wishing work with good remuneration, address E. S. B., care Journal.

With the Sick

Mrs. Ruth Mallard, 953 East College avenue, was able to return home yesterday from Passavant hospital.

Miss Bernice Gotschall of Franklin became a patient at Passavant hospital yesterday.

Rudolph F. Gerner of Beardstown was taken to Passavant hospital yesterday.

Mrs. Henry Gerbrg of Roodhouse entered Passavant hospital Sunday for the purpose of having her tonsils removed.

Mrs. Harvey Sandberg, 803 Main street, is a patient at Passavant hospital.

WALTER BALLARD HAS FINGER CUT OFF

Walter Ballard, five-year-old son of Mr. and Mrs. James A. Ballard of 952 East College avenue, suffered the loss of the first joint of the third finger of his right hand in a lawn mower accident Monday evening.

The lad and his brother were playing with the lawn mower and he attempted to clean the grass from the knives. The brother accidentally pushed the machine, resulting in the severing of the finger.

Dr. J. U. Day was called and the boy was removed to Our Savior's hospital, where the necessary surgical attention was given.

MISS BONNIE SMITH BRIDE OF JOHN BROWN

Prominent Concord Couple Married Sunday—Reception Held at Home of Mr. and Mrs. George Brunk—Will Reside Near Concord.

A pretty home wedding occurred at 6 o'clock Sunday evening, June 6th at the home of Mr. and Mrs. Spencer Smith of Concord, when their daughter, Miss Bonnie Bliss became the bride of Mr. John E. Brown of Concord.

The vows were exchanged before a bank composed of white peonies and young asparagus. The Rev. Joseph Yemm, pastor of Methodist Protestant church of Concord was the officiating minister who most impressively used the ring service.

After congratulations, delicious refreshments were served to the guests including the immediate families and a few friends of both the bride and groom.

The bride was handsomely attired in a costume of white net over taffeta and wore beautiful Ward roses.

The home was tastefully decorated with flowers and asparagus. The color scheme of green and white being used in the living room. The dining room was made beautiful with pink peonies and rose buds.

Many useful gifts attested the high esteem in which the young people are held.

The groom is the eldest son of Mrs. Anna Hauri Ragan of near Concord. He is a young man whose honesty and integrity have won for him a large circle of friends. He is an industrious young farmer of the Concord community. He is also a member of the Methodist Episcopal church of Concord.

Mrs. Brown is the only daughter of Mr. and Mrs. Spencer Smith. She is a talented musician and has been active in the musical circles of Concord Methodist Protestant church of which she has been a member since a child of twelve years.

She has spent practically all of her life in the Concord community. A reception was held Monday evening in honor of Mr. and Mrs. Brown at the country home of Mr. and Mrs. George Brunk north of Concord with whom they expect to reside for the present.

BLUFFS, ILL.

Friday, June 11th.

Afternoon and Night

"Huckleberry Finn"

With an All Star Cast

The immortal tale of the boy who means Boyhood to all mankind. How he lived in the little river town and the attempts to "civilize" him. How his "Pap" came for the money Huck had found and stole Huck away. How he lived his life in the wild with his "Pap" and finally managed to run away. How he met up with the runaway Jim and took up his life on his raft, while the village gave him up for dead. How he met the "King" and the "Duke" and all the escapades of those two rascals. How Tom Sawyer appeared on the scene and the wonderful adventures of the two boys of all boys in the world. It's a tale to warm, to cheer, to laugh over, enjoy to its fullest. Such an entertainment as comes only once in a long, long time. Such an entertainment as you cannot afford to miss.

THREE COMPLETE PERFORMANCES

Matinee 2:30 p. m. Admission—Children under twelve, 11c. Over twelve, up to and including 8th grade, 20c. Adults, 40c. Night 7:30 and 9:15. Admission—Children under twelve 20c. All others, 44c. All prices include war tax.

HARRY D. ANDERSON WEDS IN BEARDSTOWN

Is Married Monday to Miss Margaret Ireland of That City—Will Reside There—Groom Is Son of Mr. and Mrs. W. H. Anderson.

Harry D. Anderson, formerly of this city, and Miss Margaret Ireland of Beardstown were united in marriage in that city at 9 o'clock Monday evening.

Following the ceremony a reception was given at the home of the bride's parents, Mr. and Mrs. Charles Ireland.

The bride is the only daughter of Mr. and Mrs. Charles Ireland and is one of Beardstown's most popular young women.

The groom is a son of Mr. and Mrs. W. H. Anderson and was born and reared here. He is now manager of the Beardstown Grocery company.

After a brief wedding trip to Chicago and St. Louis the couple will visit Mr. Anderson's parents before going to Beardstown, where they will make their home.

Mr. and Mrs. John Russell of Havana and Miss Ethel Anderson of this city were present at the wedding.

IT NEEDS ONLY

"JUST ONE"

Each Dose a Different Laxative, "They Never Wear Out"

The modern, scientific way is to never use the same laxative twice in succession. This avoids the danger of overworking one organ while leaving another congested and sluggish. The new idea is to stir up one organ today, another tomorrow, and so on, keeping all up to maximum efficiency without injuring any.

"Just One" is the only laxative in which this plan is carried out. Each of the twenty tablets in a box of "Just One" is a full, regular, correct dose of a different laxative than the other nineteen. No two alike, though all look alike. Each is best of its kind, pleasant and thorough in action and a successful formula proved by years of use. Your system can't become used to and unresponsive to "Just One." You never increase the dose. "Just One" is always enough; hence, the name. You'll like this new idea. So get "Just One" today. Any druggist anywhere can get "Just One" for you or we will send it post-paid upon receipt of 25¢ per box. Perittone Chemical Company, Council Bluffs, Iowa.—Adv.

DELAWARE TRIBE ELECTS OFFICERS

Officers for ensuing term are chosen—Will be installed at first meeting in July.

J. H. Redburn was elected Sachem at the regular meeting of Delaware Tribe, No. 78, Improved Order of Red Men, Tuesday evening. Other officers are: Prophet—J. A. Crum. Senior Sagamore—Edward Miller. Junior Sagamore—Newton Flynn.

Chief of Records—H. H. Zeiler. Trustee for Eighteen Months—W. H. Garrison.

Press Reporter—W. F. Zimmerman. The newly elected officers will be installed at the first regular meeting in July.

RETROSPECT

Sometimes the fires of industry are fanned By winds that turn the air around to smoke; Sometimes the fumes of battle fill the land Or long rains hover like a misty cloak.

But when the mist is lifted from the hill, And all the air is overflowed with light, In reverence our throbbing breasts are still— Glad that we ran the race and fought the fight.

The Class of Twenty fell upon dark days, And high forgot the flood of light once quaffed; Rebuilding life from desolation's maze, Oft on the past as on a dream we scoffed.

We'd drunk deep of the pride of ancient years; We'd felt with unleashed souls new comradeships; And when war stirred to depths our hopes and fears, The cup of scarlet touched our eager lips.

Some followed those who trudged away to war; Glad in the faith that makes a people strong, And some the solemn charge of comrades bore, To bear the torch now burned a century long.

Time came when we feared that the torch must pass From our hands—to whom no one might tell; For war had entered even the sequestered class, And bugle sounded with the tower bell.

Thus passed long weeks; then came the triumph's end; Then to the Class the flickering torch again; And scarce did we the pallid flame defend; Scarce could we feign the strength of former men.

But now the flame burns for us clear and bright, And to our councils have come older men, And we can yield the guidance of that light, Sure it shall burn with old-time strength again.

Sometimes a mist is lifted from the hill, And all the air is overflowed with light, In reverence our throbbing hearts are still— Glad that we ran the race and fought the fight.

—Robert V. Shoemaker.

CHURCH WEDDING AT WINCHESTER TUESDAY

Miss Winifred Morris Became Bride of Paul V. Hoover Tuesday Afternoon—Paul Stehman Accepts Bank Position—Other Winchester News.

Winchester, June 8.—A very pretty church wedding occurred Tuesday afternoon at 1 o'clock at the Baptist church, uniting Miss Winifred B. Morris, only daughter of Rev. and Mrs. W. B. Morris, to Mr. Paul V. Hoover, son of Rev. and Mrs. H. A. Hoover of Ashley, Ill.

The church was elaborately decorated by members of the Music club, to which Mrs. Hoover belongs. A large trellis of green foliage, pink roses, peonies and wisteria formed a background. The entire front of the church was banked with ferns, pink roses and peonies. A few minutes before the ceremony Miss Louise Frost sang in a very pleasing manner "At Dawning," by Cadman, and "Oh Promise Me" by DeKoven. Mrs. Leslie Dahman accompanied Miss Frost and also played Lohengrin's wedding march as the bridal party entered the church.

First came two little flower girls, Charlotte and Frances Isabel Clark, arrayed in white and carrying large baskets of pink roses. They preceded the bride, who entered upon the arm of her father. The bride wore a beautiful gown of white organdie and carried a large bouquet of Russell roses.

The groom with his father met the bride at the altar, where the impressive double ring ceremony was performed by Rev. Mr. Morris, assisted by Rev. Mr. Hoover. At the close of the ceremony Mendelssohn's wedding march was played while hearty congratulations were extended.

A wedding breakfast was served at 11 o'clock at the home of the bride's parents, only immediate relatives being present.

Mrs. Hoover has endeared herself to all who know her, altho she has only resided in Winchester since last October. She has been an active worker in the church and will be especially missed there. She is a graduate of the Ashley high school and following her high school days attended Milliken university. Last year she took a course at the Baptist training school in Chicago.

Mr. Hoover is a man of fine character. He is also a graduate of the Ashley high school and the friendship which culminated in this June wedding began when the two were school mates. Mr. Hoover also attended Shurtleff college and is now taking a course in dentistry at Washington University in St. Louis. He also holds a position with the Armour Co. in the Missouri city.

The young people left on the afternoon train for St. Louis where they will make their home. Hearty congratulations and best wishes go with them to their new home.

The out of town guests were H. A. Hoover, daughter Helen and son Harold, Miss Bess Brown, Mrs. Ollie Hazzard, Mrs. A. J. Spears and children, all of Ashley; Mr. and Mrs. Frank McPherson, of Tampa, Fla., and Rev. W. R. Johnson of Jacksonville.

News Notes
Mrs. Fred Warwick and son returned Monday to their home in Girard after a visit with friends here. They were accompanied by Jacksonville by Mr. and Mrs. Fred Markille in their car.

Little Charlotte Dale Owings arrived from Canton Tuesday to spend several weeks with her grandparents, Mr. and Mrs. George Owings.

Mrs. Thomas Gill and two little daughters left Tuesday night for their home in Ohio. They have been guests for several weeks at

the home of Mr. and Mrs. E. J. Frost and family.

Mrs. S. G. Smith and Misses Vivian and Nellie Lashmet were visitors in St. Louis Monday. Rev. George W. Murray, wife and little granddaughter, Nellie Rose Getty, will return to their home in Quincy Wednesday after a visit here with relatives. They have been visiting at the homes of their daughters, Mrs. Sim Smithson and Mrs. H. H. Fletcher.

Albert Ring arrived Monday from Chicago to spend the vacation period with home folks.

Charles North left Tuesday for Decatur to attend the Curtis wedding.

Mrs. Anna Coultas and daughter, Miss Ruth, Mr. and Mrs. James Gordon and James Doyle will leave Wednesday by automobile for Springfield, Mo., to visit the Sevier family.

Funeral of Mrs. Dolen
At 3 o'clock Tuesday afternoon the funeral of Mrs. Samuel Dolen, whose death occurred in a Jacksonville hospital Sunday morning, was held at the Baptist church.

The large auditorium, Sunday school room and gallery were filled with relatives and friends of the deceased. Rev. W. R. Johnson and Rev. Mr. Morris had charge of the services, which were most impressive. Music was furnished by the choir of the church, the hymns, "Jesus Savior Pilot Me," and "Abide With Me," being sung. Mrs. Gertrude Demerath sang two solos, "Beautiful Isle," and "Sometime We'll Understand."

The beautiful floral tributes were cared for by Misses Beatrice and Edna Woodall, Gladys Boston, Mildred Carter, Hazel Priest, and Katherine Carey.

Interment was in Winchester cemetery and the pall bearers were George Patrick, Curtis Carey, Harry Coultas, William Peak, Robert and Leonard Dolen.

Paul Stehman, one of the graduates from the high school this year, has accepted a position with the Neat, Condit & Groat bank here. The young man gives promise of a very successful business career.

PAGEANT TO BE GIVEN

AT GRAND OPERA HOUSE
Plans are rapidly being completed for the pageant, "The City Beautiful" which is to be presented on Thursday evening, June 17, especially in honor of the 1200 or more delegates who will be here to attend the state Sunday school convention June 15-17. The committee in charge of the arrangements yesterday announced that the Grand opera house had been secured for that evening and the pageant will be staged there.

Mention has already been made of the parade of delegates which will be a feature of Wednesday evening, June 16. The Merritt band has already been secured for this occasion and it is hoped that the services of other musical organizations may be obtained.

Important Committee Chairmanships Won by Supporters of Wood

(Continued From Page One.)

rum, and brought forth cheering by sharp thrusts at all the policies of the Wilson administration.

It did not take long after Senator Lodge had finished to wind up the other work. The usual announcements were made, and organization resolutions were passed. That was the end of the first day's work and on motion of Governor Beekman, of Rhode Island, the convention adjourned until 11 a. m. tomorrow.

With the adjournment the various committees immediately went to work, the resolutions committee beginning consideration of the platform and the credentials committee to review some of the delegation contests which were decided last week by the national committee.

Hitchcock Named Wood Leader.

The Wood instructed delegates, unaccompanied by any of the members who have been identified with the organization thus far, after a conference with the general late today, agreed on Frank H. Hitchcock as field marshal for their forces, with Frank Knox, of New Hampshire, as floor leader for the present.

Mr. Hitchcock is to be assisted by a board of strategy composed of many of the Wood managers thus far, including William Cooper Proctor, Senator Moses, Norman Gould, of New York, and others. Major Knox will be assisted by Galen L. Tait, of Maryland, and William H. Boyd, of Ohio. Senator Freilighuysen, of New Jersey, also has been offered the place of floor leader.

Representation for Women.

The committee on rules, by unanimous vote today, recommended to the convention that the executive committee of the national Republican committee be increased from 10 to 15, so as to give women representation.

The vote was taken after a delegation, speaking for the woman's section, asked that women be allowed to sit in the executive body, in anticipation of adoption of the suffrage amendment. Speakers included Mrs. McCormick, Illinois; Miss Mary Garrett Hay, New York; Mrs. Raymond Robins, Illinois, and Mrs. Katherine Phillips Edson, California.

Will H. Hays, national chairman, who took part in the general discussion, said if the convention adopted the recommendations, he would have authority to appoint any number of women. He thought, however, that the membership would be eight men and seven women.

ATTENTION I. O. O. F. AND REBEKAHS

Memorial services at Grace church Sunday morning, June 13, 1920, at 10:45 o'clock. Members of the order will assemble at Odd Fellows Temple, East State street, and Rebekahs at Urania hall, West State street, at 10 o'clock sharp.

Committees will strew flowers upon the graves of brothers and sisters, deceased during the past year, in the afternoon. Members and friends of the order, who have flowers to contribute, please bring them to lodge rooms in the forenoon or notify chairman of committee. The public is welcomed to this service.

ARTHUR G. CODY.

Framing of Platform In Hands of Committee Headed by Sen. Watson

(Continued From Page One.)

pared to present a draft of its own.

Senator Borah, of Idaho, a member of the resolutions committee, held off from final acceptance of the middle-ground plank and kept in readiness the one prepared by himself and Senator Johnson, representing the mild reservationists in the platform conferences were Senators Kellogg, of Minnesota; Hale, of Maine, and Lenroot, of Wisconsin, although none of the three was on the committee.

Completing the line-up, Senator Lodge, of Massachusetts and Senator Watson were endeavoring to bring the extremes into agreement.

On the outstanding principles to be embodied in the plank, all the senators have long been in substantial agreement. At conferences more than a week ago at Washington, it is understood, all agreed that the platform must declare against the covenant as written at Versailles, must uphold the senate in refusing to ratify the treaty and make a general statement of faith in the theory of international peace. The question of putting these principles in language, however, is where disagreement begins.

Among all there is a distinct aversion to letting the contest get to the convention floor even for a minute. They realize how full of dynamite the whole subject is, and they know that a wide field of bitter debate would be opened. So they all declare the effort to reach an agreement behind the doors of the committee room will be sincere and determined.

It was universally declared that no angle of the treaty fight was involved in the contests between Senator Watson and Mr. Mills for the chairmanship, and that the difference of opinion was based on personal grounds purely. Isaac M. Ullman, of Connecticut, was appointed secretary.

The first, petitioners was a group of women representing the National American Woman Suffrage association, who stood at the door as the members went into executive session and presented each with a circular asking that the convention take such action as would make ratification of the suffrage amendment "inevitable and immediate." The communication added that the women were unwilling to accept a blanket assurance from party leaders that they now were doing all they could.

At the public hearings Lucy G. Branham, of Baltimore, presented a petition from the American Woman's Emergency committee, condemning the administration's Russian policy and advocating resumption of trade relations with Russia.

Former Representative Fowler declared the present federal reserve and the manipulation of the reserve board permitted inflation and were injurious to the financial welfare of the country. Prof. Fisher blamed inflation for the high cost of living and wanted a committee to investigate.

Speaking for a delegation from Washington, L. S. Gottlieb asked for the franchise for residents of the District of Columbia. F. H. LaGuardia, president of the board of aldermen of New York, pleaded for a declaration in behalf of a separate air service.

F. C. Davila, Porto Rico, spoke for a separate form of government for his country, but said action need not be hurried.

A resolution was presented by P. H. Gadsden of Philadelphia, in behalf of public utilities.

\$12.00 Hall Tree for \$6.00.

CUMMING'S LEAD IN IOWA INCREASING

DES MOINES, Ia., June 8.—The votes for A. B. Cummings, seeking renomination, continued to pile up today as returns from primaries were tabulated by the Des Moines Capital late today. With 1,500 precincts of the 2,347 precincts in the state, the vote was: Cummings, 71,319; S. W. Brookhart, 56,761.

Returns late today indicated the choice of a Republican nominee for governor may have been made at the primary and might not have to go to the state convention. With 1,138 precincts heard from, N. E. Kendall had 24,225, E. R. Moore, 20,157, J. F. Deems, 18,971, and H. M. Haver, 16,774. If the same ratio of standing continued for the remainder of the returns, Kendall would have sufficient votes to nominate him.

PALMER SETTLES MARINE STRIKE

WASHINGTON, June 8.—Attorney-General Palmer, who is considering the strike of marine workers at the port of New York, announced today the department of justice would take the position that the Adamson eight-hour law applies to workers on tugs and car floats.

Joseph W. Folk, counsel for the marine workers, said after the attorney-general's announcement that Mr. Palmer's construction of the law amounted to a settlement of the strike and that freedom of commerce at the port soon would prevail.

FOURTEEN INJURED IN TRAIN CRASH

Chicago, June 8.—Fourteen persons were injured, one of them seriously when one westbound elevated train crashed into the rear of another tonight. Three hundred passengers were on the trains. Most of the injured were cut by flying glass, nearly every window in the coaches being shattered.

Failure of the motorman of the rear train to see the train in front, which had been halted by a fire in the motorman's compartment, was given as the cause of the accident.

ADVERTISING CLUBS MEET

Indianapolis, Ind., June 8.—The daily newspaper was extolled as the best advertising medium in a number of departmental meetings in the convention of the Associated Advertising Clubs of the World here late today. In the retailers and church advertising department was this true, while in other sections the poster, direct mail and films were advocated as the best media.

JEWS ATTACKED

Vienna, June 8.—Sporadic disorders followed an anti-semitic demonstration last night. Bands, composed chiefly of students, beat Jews they met on the streets and smashed cafe windows in their search for others. Police and soldiers prevented attempts to enter the Jewish quarter. The disturbances lasted until early this morning.

DIES FROM DRINKING WOOD ALCOHOL

Columbia, Mo., June 8.—Dave Woods, negro, junior at the University of Missouri, died here today from alcohol poisoning, and five other negroes are in critical condition from the same cause. Woods is thought to have taken poison from the school laboratory under the impression it was grain alcohol.

\$125,000 FOR MILLIKIN

Decatur, Ill., June 8.—A gift of \$125,000 from the Rockefeller Foundation to Millikin university was announced here today. This leaves but \$310,000 to be raised in the \$2,000,000 endowment campaign.

BRYAN URGES DRY PLANK IN PLATFORM

CHICAGO, June 8.—William Jennings Bryan strongly urged that the Republican convention endorse the eighteenth amendment as interpreted by the Volstead act in an address before a mass meeting of "drys" at the La Salle hotel today.

Warning that the liquor question would become an issue in the election, which could be ill-afforded by reason of the exigency of the "problem of profiteering and labor, the only real issues of this year" was sounded by Mr. Bryan.

"All I can say to these Republicans in convention here is that I will be at San Francisco in a more important capacity than I am here," said Mr. Bryan. "If a clear 'dry' plank is adopted here, I will see that my party embraces the very same words in a similar plank."

Home grown strawberries 26 cents box, all Economy stores today only.

PHI'S TO MEET AGAIN TONIGHT

There are so many of the alumni of Illinois College who are members of Phi Alpha present in the city that it was impossible to hear from all of them at the banquet last night. Therefore a meeting of all the members of the society is called for Phi Alpha Hall tonight at 8 p. m.

The meeting will be held so that Phi may get together again and that all may have a chance to be heard from before they leave Jacksonville.

Arthur S. Mitchell is here from New York City for Illinois College commencement events. Mr. Mitchell is now engaged in the oil business and spends much of his time in the southern fields.

Iron Beds and Springs complete \$8.50. PEOPLES' FURN. CO.

MOVIE THEATRE OWNERS TO MEET

Cleveland, Ohio, June 8.—Only independent exhibitors will be admitted to the three-day convention of the motion picture theatre owners of America, if a report of a committee of twenty-seven, outlining the business of the convention is adhered to. The report was presented today at the opening session, which was attended by several hundred prominent exhibitors and producers.

Okmulgee, Okla., June 8.—A meteor, the flight to earth of which was observed by hundreds of persons for nearly a minute, fell in a field near here at 9 p. m. tonight. It was reported still to be burning late tonight.

JOSEPH COFFEE WINS SCHOLARSHIP

Joseph Coffee, grandson of Mrs. Margaret Coffee and nephew of Mrs. Patrick Quigley, of this city, was one of the winners of a scholarship at Spalding Institute, Peoria.

The young man attended St. Bernard's school in Peoria, and his average in the examinations was 93 1/4 per cent. He has frequently visited here and has many friends who will be glad to hear of his success in his school work.

Don't sell your furniture until you see us.

MISS SWEENEY IS HOME FROM EUROPE

Mr. and Mrs. D. E. Sweeney received a telegram yesterday announcing the arrival of their daughter, Miss Elizabeth Sweeney in New York City. Miss Sweeney has been in France for the past eighteen months engaged in work for the Catholic War Council. Miss Sweeney's message stated that she expected to arrive in Jacksonville Saturday morning.

WANTED

To rent modern house, 5 or 6 rooms, reasonably close in. Will pay suitable reward for information leading to such property. State size, location, and rental price. Address 1234, Journal.

COMMENCEMENT VISITOR.

Pleas Hardwick, who as a lieutenant in the army service was for some time in charge of the student army training corps at Illinois college, is a visitor in the city. Mr. Hardwick has been at school at Princeton this year and is now on his way to his home in Oklahoma. However, he will not spend the summer there, as he is to make a trip to Europe for a company in Tulsa that he represents during the vacation period.

Home grown strawberries 26 cents box, all Economy stores today only.

SEFRAGE LOSES.

Baton Rouge, La., June 8.—The resolution providing for ratification of the federal suffrage amendment was defeated in the senate of the general assembly of Louisiana tonight by a vote of 22 to 19.

This Is the Secret of Hudson Supremacy

The Super-Six Motor Is Exclusive

The Super-Six performs its duties with such reliance and ease, one is apt to overlook the causes for its supremacy.

Drivers and passengers of a Hudson are seldom conscious that there is anything mechanical in its smooth transportation. It never obtrudes its mechanism.

So, from time to time, it is necessary to call attention to the Super-Six motor and its exclusive patented principle, which accounts for this fact.

This Is What It Does

Judge how complete is its advantage. Merely to think of the way thousands of Hudsons, year after year, are giving uninterrupted and economical service inspires the confidence owners have in the Super-Six.

Such performance depends upon more than good workmanship and good materials. Other cars possess those qualities. But they differ in this.

Forces which cause early motor destruction are converted to the useful agency of propelling the car. Vibration is practically annulled. The smoothness that results is not only appreciated in riding ease, but it means absence of strain and friction that conserves years to the life of the car.

That Is Why No Car Has Ever Rivalled Hudson's Records

It means freedom from fatigue to passengers. It explains why the Hudson rides so pleasantly and endures so long against the hardest service.

It will be years before we can know the final limit of Hudson endurance. But already it is evident that endurance is doubled through this exclusive principle. More than 100,000 cars in service and nearly five years' experience reveal the character of Super-Six endurance.

The proof is also shown in Hudson's unequalled records for speed, hill-climbing, and acceleration. They cover the field. Can there be any question of its supremacy in these respects?

Also a Leader in Beauty

If it had no other appeal than its distinctive beauty, the Super-Six would hold high position. That is recognized in the way Hudson has set motor car styles. Its exclusiveness in that respect is maintained by creation and advancement. Others can always be just behind its mode. But with its motor there can be no imitation. There it holds a monopoly.

Strive as they may to accomplish the same results, no one has as yet by official proof shown that any motor equal or satisfactorily supplants the Super-Six in those qualities for which it is famed.

PHI ALPHA'S PAST RECALLED IN PROGRAM

Spirit of the Society Told by Bentley Hamilton—Historical Address by William D. Wood.

Phi Alpha anniversary meeting was held in College Grove at 2:30 o'clock. The afternoon was ideal and the assembled company was large. Wilson Akers as president of the society introduced Judge John C. Rice of Boise City, Idaho, as chairman. Mr. Rice expressed his pleasure at being present and his appreciation of the honor of his appointment as chairman.

Dr. Thomas Smith gave the invocation and then under the leadership of C. A. Rowe and B. F. Lane, the assemblage sang the "Opening Chorus for Phi Alpha."

Plenty of Eggs Now

Keep a Few Dozen for Next Winter

Eggs are plentiful in this section just now, but each winter shows a greater scarcity and a higher cost. So buy eggs now when the price is right and lay them down in that best of all egg preservers, Liquid Water Glass. This means to have eggs plentifully and fresh and good whenever you want them and when prices are higher. Lay down your eggs in Liquid Glass now. Don't put this important task off.

DORWART'S
CASH MARKET

1920." The verses had been written for the anniversary celebration by George M. McConnell, Ex '53, now living at Fairhope, Ala.

The anniversary address was delivered by E. B. Hamilton of Peoria, whose theme was "The Spirit of Phi Alpha." The speaker traced the society spirit in its manifestations from the early days down to the later years and this story led into a forceful discussion of some present day problems. It was a very able and eloquent address. Only the concluding paragraphs are given here:

The real spirit of Phi Alpha does not reach its fruition within the walls of that old building. There, indeed, are the landmarks of kindred ties, the pictures, the library where one burst into "Hymn or Miltonic song," the windows thru which generations have looked, the old bricks carved with initials of those who have long since passed away, that are cracked and crumbled with the weight of years, but out there, beyond where men are in the factory, the office or the farm, in the church, colleges, in courts, in legislative halls—there is the real theater of her triumph.

To those literary societies of other colleges and universities, some of which are older, many of which are wealthier, but none of which surpass her illustrious reputation, we hurl the challenge to-day—win her fame, attain her years; emulate her eloquence and debate; do as much for the upbuilding of a high standard of citizenship as she has done all that, too art worthy to wear the white of old Phi Alpha.

It was the boast of Augustus that he found Rome of brick and left her of marble. Aye, but he found Rome free and left her a slave. He found her a republic and left her an empire. After 75 years of glorious history we find Phi Alpha of marble and we leave her of marble. We leave her exactly as we find her, for as a "lover of truth" to the truth she has been true.

Most Continue Exalted Mission. But happily, it is not a valedictory that I would pronounce to-day, nor an epitaph that I would write beneath her name. Rather let it be a salutatory that hails her as the continuance her exalted mission in the full prime and vigor of her life, without a furling upon her brow or a spot upon her garment. There are new stars to be found that the eye of the telescope has not seen. There are new laws to be passed, new constitutions to be adopted, but more than all there are old fundamental principles to be preserved.

There is an old Latin maxim that the greatness of a nation is preserved by the same methods by which it has been won. In other words, a nation that has be-

come great will find itself safe in adhering to the principles and policy by which it grew to be great. Conditions confronting this republic are more than a mere ripple on a summer's sea. It is a wave which threatens to inundate our institutions and to submerge our traditions and ideals. As the political and social order is being revolutionized we are entering upon the crucial test of self government. A socialized democracy, undirected, uncontrolled, demoted, gorged with license and uncaged by subjugated peoples, seeks to establish its tyranny and despotism over the grave of constitutional government. Here, then, is the battle cry that should rally you once more to the defense of this republic. Not only as lovers of truth, but as lovers of peace, seize the helm from those who would drive the ship out of its charted course of a constitutional self government, uphold property rights and individual freedom, preserve the constitution and maintain inviolate the majesty of the law.

Phi Alpha Loyalty.

The history of Phi Alpha of Sigma Phi and of this college as an institution bears glorious testimony that even the altar of our country has been purged the best of her young blood. The teachings of ancient and modern wisdom would be in vain if it did not sear in the heart and soul of all who gather here that of all human obligations the most imperative are those that unite citizens in the bonds of civilized government and that their first duty is to strike down those who would aim a fatal blow at the life of the nation.

No need in France to awaken the flame of martial life by appealing to them as those whose eagles flew in triumph above Wagram and Austerlitz and Lodi Bridge, for there is Verdun and Marne, to which the French mother gave all that she had that civilization might be saved. No need upon this campus where the tap of the drum and the shrill call of the bugle has four times summoned her sons from classroom and studies, no need here, I say, to flash the vision of Buena Vista or Sumpter or Santiago or the Argonne, for whenever there have been issues which no legislation, no decrees of court, no government could settle, Phi Alpha has sent forth her sons crowned with the jewel of her love and her heart and hopes and prayers and tears bound with their sword of battle in a common destiny.

The company then joined in singing the Phi Alpha hymn, which had also been written for the occasion by Mr. McConnell.

William D. Wood delivered the historical address, grouping his record and thoughts under the subject "A Successful Experiment in Applied Democracy." Mr. Wood has few competitors in his intimacy with college history and the address yesterday gave evidence of the fact that he had culled with rare discretion the most salient facts from a vast field of information. These facts were presented with an artistry of words which made the address one of the most notable that had been delivered in the history of the society.

At its conclusion it was immediately decided that the address must be printed in pamphlet form and given the wide circulation which its worth merits. In limited newspaper space it is not possible to make even a summary of the address, but some idea of its strength and purpose may be gained from the following paragraphs:

It has been said the founding of Phi Alpha was an act of war. Assuredly an element was then introduced and standards established that did not altogether make for peace. A challenger with a new challenge had entered the field. Democracy was then less than now a word to conjure with, and the term may not have often been in use on this hill in 1845, but with the application of the principle as here and then interpreted by the new comers made something of a commotion. In the face of the stiff opposition thus encountered, the militant element that from the first was part of the insurgent movement did not diminish in volume. In its extreme form, however, it was not often called into action, but was held in reserve for use when needed.

Has Maintained Ideals.

On the whole the society has been courageously radical, consistently liberal, broadly democratic; but in general it has sought in translating the qualities into action to keep a clear sense of proportion, value and timeliness, so it has emphasized radicalism some of the time, liberalism most of the time, democracy all of the time. Yet its record has not always been flawless or blameless, for it has also exemplified the limitations and aberrations of democracy. Rivalries within the society have sometimes prompted members to direct energies against each other that ought to have been used against their real rivals or opponents. The militant spirit was active but was perverted to wrong uses.

Again, prosperity following a series of successful years, together with a large membership that included a considerable part of the choicest students in college, has engendered a comfortable and self-satisfied feeling that caused the necessity of vigilance and unceasing effort to be overlooked or forgotten. The militant spirit became inactive and had to be revitalized. In each instance the disease and the cause were recognized and the remedy applied. Sometimes heroic treatment was necessary, but there has been no

CASTORIA

shrinking from its application, and results have justified its use. The body is sound and the spirit responsive.

New Force in College Life.

After all these years our thoughts must turn today to the beginning of the society and the makers thereof. They organized a debating club; and they established a literary society. Yes, that and more—they founded an institution; and they created the Phi Alpha spirit. New forces then came into college life that have never ceased to function. Actions and policies were adapted to existing conditions and needs, and due regard and weight given to the number of students the personnel, and ideals of the college. New standards were introduced and have been maintained. The grouping of students together was put on an enduring basis. Fellowship and friendship were based on service in a common cause and loyalty to an ideal. No false tests were applied, and in consequence use in other quarters has been discouraged.

Has Made for Democracy.

The society has never been censorious in small matters of belief or conduct. It is within its walls and amid these influences that many of the choicest youths ever gathered here have found themselves, and to its associations and influences they turn with affection and gratitude. Phi Alpha has made Illinois College safe for democracy. It is the Phi Alpha that in 1845 was dedicated by that little company of dauntless spirits to the attainment of truth and the literary improvement of its members. For seventy-five years their society and ours has cleaved to the principle and the purpose without variableness or shadow of turning and though comprising members with opinions the society still lives.

Of course it is history, not prophecy, that is our chief concern today. But the history contains a promise that reaches into the future and has in it a strong prophetic strain. Thus the assurance that those privileged to share in the one hundredth anniversary shall also witness at this little college, this great school, a successful experiment in applied democracy.

After this program the members of the society assembled at the home of President and Mrs. C. H. Rammelkamp for the informal reception. It was a very happy occasion.

SIGMA PI LOVE FEAST AT PACIFIC HOTEL

Society Members Gathered for Annual Feast—Large Attendance of Former Members—Pledge Anew Fealty to Society.

Members of Sigma Pi Society of Illinois gathered at the Pacific hotel Tuesday evening for their annual love feast. There was a large number of former members present and the occasion proved one of great pleasure as members of other years got acquainted with those who are carrying forward the society's work in the present.

After a splendid feast had been enjoyed Truman P. Carter, '85, was introduced as toastmaster and he filled the position in a most acceptable manner. A large number responded to toasts and the speakers pledged themselves anew to the society. Those who spoke were:

"History of Sigma Pi"—Ensley Moore, '67.
Greetings were received from Phi Alpha, Gamma Delta, Gamma Delta, Sigma Pi Epsilon and Agora societies.
Experience as a Sigma Pi—Robert V. Shoemaker, '20.
Sigma Pi During the Civil War—Walter McCormick, '61.
World War—Robert Foster, '20.

Democracy and Aristocracy—Judge E. P. Brockhouse, '04.
Adoption of First Sigma Pi Phi—Capt. W. A. Kirby, '54.

Remarks On Disappearance of Earl Sooy in France—George Sooy, honorary member.

Football at Illinois in 1911—Waldo Spruit, '11.

The Spirit We Should Adopt—William A. Fanslet, '77.

Sigma Pi in the Coming Year—Worthington Adams, '21.

Attitude of High School Toward Illinois College—Stephen Reid, J. H. S., '20.

Sigma Pi Spirit—William Berryman, '17.

My Senior Year As a Sigma Pi—T. J. Pittner, '62.

My Entrance Into Sigma Pi—Arthur Kingsley, '12.

Sigma Pi's Place On the Hill—T. H. Buckthorpe.

Four Successive Victories In Debating—Wayne Wright, '11.

HOOOSIER

SAVES MILES OF STEPS

Two Million Women Have Voted for the HOOOSIER

Two million American women have recognized Hoosier superiority and have installed this woman emancipator in their homes. These same two million women have helped to make the Hoosier a better kitchen cabinet. For twenty-one years they have given us the benefit of their experience with it. Literally thousands of suggested improvements have been offered by Hoosier users. All of them have been tried out in actual use. It is safe to say that every suggestion that has ever been

made concerning kitchen cabinet construction has been actually tried by us. The best are now embodied in the Hoosier. The rest—no matter how alluring they may have seemed on paper—failed under the test of actual use. There is no place in the Hoosier for anything that does not actually lessen the time a woman must spend in her kitchen—and lighten her work while there. Visit our store—sit in front of a Hoosier Cabinet—and let us explain its many advantages to you.

Johnson, Hackett & Guthrie

White Footwear —at— HOPPER'S

This is to be a big white season, everybody will be wearing them before the season's end. They are practical, for the reason, that they are serviceable, economical, cool and comfortable. Get yours now while the assortment is complete. Men, women and children will wear and enjoy them.

We have anticipated a big demand and are offering styles in pumps, oxfords, ankle and instep ties; styles such as you will like and thoroughly enjoy. Prices reasonable, quality considered.

Choice showing of styles for men in white or Palm Beach effects. Shapes and grades that will appeal to men. Polishes and cleaners of all kinds.

Our Foot Expert

is a Graduate Practitioner—a man specially trained in the science of foot comfort. He is able to relieve and correct foot troubles by fitting

Dr. Scholl's
Foot Comfort Appliances
and Remedies. These devices are invaluable to foot sufferers. Drop in and let our expert demonstrate the use of these appliances and remedies. No charge—no obligation.

Children's Footwear

You will find our foot-wear and careful fitting intended for the comfort and future welfare of growing feet. Our offerings for the children in slippers of all kinds are very complete, patents, kids, tans and white canvas. Trust the little feet to our care.

COL. CAPPS TOLD ABOUT GREECE HE KNOWS

Newly Appointed Minister and Dr. Davenport Guests at Luncheon—Dr. C. E. Black Was Host.

Col. Edward Capps, of Princeton, N. J., and Dr. William Davenport, of Louisville, Ky., were the guests of honor at a luncheon given at Peacock Inn Tuesday noon by Dr. Carl E. Black. It was an informal company, with about twenty men present.

Dr. Davenport, who was at one time superintendent of schools in Jacksonville, has held his present important post for a long period. He is one of the leaders in the educational world in Kentucky.

As Col. Capps is soon to leave the United States to become minister to Greece, place cards quite appropriately displayed the flags of the two countries. When the excellent menu had been served, Col. Capps responded to the suggestion that he give his ideas about the future of Greece and he talked quite informally and in most interesting vein.

Probably no man in the United States is more familiar with the Greece of history and of today than Col. Capps, and certainly in choosing him for the important post at Athens President Wilson has sought out a man peculiarly qualified to take care of the United States diplomatic interests there.

Faithful to Ideals.
In his remarks Col. Capps briefly outlined the position of Greece in its geographical relationship with the countries of Europe and Asia. He spoke in detail of the disposition and the character of the people. He said that in a particular way the Greeks of the present have retained the characteristics and the language of their ancestors. "If St. Paul were making his travels there today," said Dr. Capps, "he would have little trouble in understanding the language as it is spoken. The same thing could not be said even of the English people, for you and I would understand little of Chaucer if we heard him today."

"The people of Greece are natural politicians in the good sense of the word. That is, they like to study methods and systems of government. In every coffee house you can find the citizens assembled discussing these problems of state or the different educational systems. There is much in the Greek character to admire. The sanctity of family life is strictly maintained and the Greek orthodox church wields a great influence."

Views on Mandate.
Somebody in the company asked Col. Capps his thought about the desirability of the United States accepting a mandate in Armenia, and his answer quickly came, "I certainly do." Then he went on to explain: "I think the United States should accept a mandate in the Near East because no other nation can do it so well. With the great moral force of this country which would be carried with a mandate, conditions could be vastly improved. Armenia is a wonderfully rich country in its resources. There are plenty of men there for army, for constabulary, and I do not believe at all that the acceptance of a mandate would mean the pouring out of money and the sending of our soldiers, as some of the leaders have pictured. Officers for the army would be needed, leaders for the organized effort, but there are plenty of people resident there who make up the armed forces."

"It is not a proper motive, but even commercially we would serve our own interests by the acceptance of a mandate, for there are wonderful possibilities for business expansion, for the development of foreign trade. Then we must protect the schools and colleges that we have established through the years in the Near East. If anything happens to our missionaries they are entitled to armed protection. Whether we accept a mandate or not, we pour

money into that country for the maintenance of missions and schools. And so, whether through voluntary contribution or whether through taxation, we are meeting the responsibility that is so bitterly spoken of when some people discuss the possibility of a mandate."

Dr. Black's Work.
In private conversation, after his informal talk, Col. Capps made reference to the splendid constructive work done by Dr. Carl E. Black as a member of the Red Cross commission sent to Greece. He said that the hospital work that Dr. Black outlined will continue thru the years, that he did the basic things for a system that will mean a wonderful advance in hospital service.

Social Events

Good Time Pinochle Club

Met With Mr. and Mrs. Cook.
The Good Time Pinochle club met Tuesday evening with Mr. and Mrs. Riley Cook of South Church street. Progressive pinochle was played at five tables. The prizes were awarded to Glenn Large and Mrs. Walter Hellenenthal and the consolation prizes to Mrs. Charles McHatton and Edward Doolin. Following the play refreshments were served.

Christian Endeavorers

Picnic at Nichols Park
Members of the Christian Endeavor society of State Street Presbyterian church enjoyed a picnic at Nichols park Tuesday evening. The members, twelve in number, went to the park at 6:30 and had a picnic supper. A business session followed, when plans for the Christian Endeavor meeting, to be held here the latter part of this month, were discussed. Rev. and Mrs. W. H. Marbach and Mr. and Mrs. T. M. Tomlinson were also members of the party.

Loyal Women's Class

Social at Old People's Home
The Loyal Women's class of the Central Christian church held a pleasant social at the Old People's Home, as is their custom once a year.

The program was:
Quartet—Mrs. Charles Moore, Mrs. Will Spencer, Mrs. Oran Cook and Mrs. Walter Hellenenthal.

Reading—Mrs. Vera Roodhouse.
Instrumental solo—Miss Dorothy Dunivan.

Reading—Miss Grace Campbell.
Solo—Mrs. Charles Moore.

Reading—Master Donald Woodward.
Reading—Mrs. Katherine Treft.

Following the program was a social hour and refreshments.

Orleans Country Club

Met With Mrs. Cox

The June meeting of the Orleans Country Club was held Tuesday afternoon with Mrs. Iven Cox at her home in the Orleans neighborhood. The attendance was very large and there were a number of visitors present. Mrs. W. T. Scott presented a very interesting paper on "The Novel a Reflection of Life?" It had been the intention to save a discussion follow the presentation of this paper but the limited time prevented this. Mrs. J. H. Doherty gave a review of "The Man of the Forest," Zane Gray's book, and this proved most entertaining.

At the close of the program the hostess served delicious refreshments. The club adjourned to meet next with Mrs. W. H. Hinrichsen in Alexander. At that time, Tuesday, June 23, the annual picnic will be held.

Gamma Delta in Annual Love Feast

Tuesday evening Gamma Delta literary society held its eleventh annual love feast in the tea room of the Peacock Inn.

Miss Emma Mae Leonhard, introduced by the president, Miss Virginia Bullard, was a most charming toastmistress and with ready wit and appropriate stories introduced the following speakers:

"Hall and Farewell"—Miss Lucille Bennett '22.

"May hope whisper in their ears sweet promises that kind future will quickly ratify."—Miss Hilda Rietzmann.

"May the happiest days of your past be the saddest days of your future."—Miss Helen Struck '21.

"Let us mingle in the friendly bowl: the feast of reason and the flow of soul."—Miss Bonnie Woods '23.

"What's a table richly spread without a woman at its head?"—Mrs. C. A. Barnes.

"Let us keep our eyes on the stars though our soles be in the mud."—Miss Ellen McCurdy '21.

"Here's to us that are here; to you that are there and the rest of us, everywhere."—Miss Lois Daniels, '18.

Several of the honorary members present were also called upon and responded in a happy manner. Among the old members of Gamma Delta society present were Lillian Kennedy, Elzora Ennis, Lois Daniels, Beulah Wright, Frances Tomlin, Clara Belle Yehling and Ruby Cully.

Sigma Phi Epsilon in Annual Reunion
Sigma Phi Epsilon of Illinois college held the annual love feast at Colonial Inn Tuesday night. There were forty-two in the company present, including members and honorary members. An excellent dinner was served, the appointments being of a most pleasing kind.

Miss Adelle McQuiston was the toastmistress and responses were all in clever vein. Interspersed were musical numbers, songs by Mrs. H. C. Woltman and Miss Edna Hackett, and piano selections

PHI ALPHA SPIRIT DOES NOT GROW OLD

IMPORTANT ANNIVERSARY OBSERVED BY SOCIETY

Organized Seventy-five Years Ago and Increases in Strength With Passing Time—Splendid Galaxy of Speakers Heard at Banquet—Nineteen States Represented in Assemblage.

The banquet and love feast, a part of the seventy-fifth anniversary program of Phi Alpha society, took place in Illinois college gymnasium beginning at 6:30 o'clock Tuesday. That the committee had overlooked nothing in their preparations was evident. The gymnasium had been appropriately decorated and handsomely spread tables awaited the college men. The dinner was served by the women of Grace M. E. church and a menu of great excellence had been prepared, the service leaving nothing to be desired.

The invocation was by Rev. Warren E. Hall of Wyandotte, Mich. In the absence of Judge Doocy, his brother-in-law, Rev. E. W. Butler of Thorsby, Ala., was the presiding officer and introduced Dr. Thomas W. Smith as the toastmaster. As on other occasions, where he has presided in a similar capacity, Dr. Smith met the demands of the hour with great acceptance.

Phi Alpha has always been fortunate in her orators, and the program throughout was one to do credit to the society's high standard. There was wit and humor in abundance, together with much spoken in sober vein.

Phi Alpha Anniversaries
Judge Carl Edwin Epler, '76, of Quincy, Ill., was the first man speaker, and his subject, "Phi Alpha Anniversaries, 1870, 1895, 1920." He showed that the spirit of Phi Alpha had created an institution which goes on living, from college generation to college generation.

"Our Pioneers, the Seven Immortals," was the subject assigned to Samuel W. Nichols, '68. He told of his personal acquaintance with the seven founders of the society and the trying times when Phi Alpha was getting a start as a real vital part of the college.

Judge R. A. Campbell, '52, of Bowling Green, Mo., the oldest living Phi, was present and told of Phi Alpha in 1850, when he joined. Henry Stevenson, the oldest living Phi in Jacksonville, was also present and made a short talk, telling of his interest in the society.

The Phi Alpha Trio sang two selections of popular songs. J. Wilson Akers, president of the society, told of Phi Alpha conditions today, the records in debate and the important part the society is taking in the student life of the college.

President C. H. Remmelkamp was assigned the subject, "The Spirit of Illinois College." He had a good word for Phi Alpha spirit and emphasized the thought that the societies, like the individual students, owe much to the college.

John Downing, '79, of Kansas City, made a forceful talk on "Bankers and the Love of the Truth," in which he analyzed the present economic system and showed that the confidence of men in men is the very basis of our civilization.

A Voice From the West
Judge John Campbell Rice, '85, of Boise, Idaho, had for his theme, "Law Supreme in the Radical West." It was a careful analysis of the present unrest throughout the world, and he declared that applied Christianity and the Golden Rule offer the only remedy.

"The Spirit of Independence" was the subject on which George E. Govett '95 of Quincy spoke. Mr. Govett is the son of a Phi and he hopes that his own son will enter the college next fall. He was enthusiastic about the college and the society.

Colonel Edward Capps '87 of Princeton compared the small colleges with the universities. Then he discussed "Phi Alpha in Greece," a timely theme, because he has been appointed minister to Greece and was there as one of the Greek commission. Col Capps told of the work of Dr. Carl E. Black in introducing American medicine and methods among the Greeks.

More Music
The Old Time Phi Alpha Quartet, composed of Rev. George C. Lenington '92, of New York, C. A. Rowe, John Johnson and William Davenport '85 rendered several selections.

Rev. Arthur Ewert '04, of White Hall spoke on the subject "Loyalty to Truth." He was as always forceful and interesting. "Democracy for the Twentieth Century" was the theme of Judge William Gardner '84 of Minneapolis. He discussed present day democracy and made a plea for the recognition of real leaders in our social, economic and political life.

Colonel Edward Clifford, of Evanston, was the last speaker on the program and he made a talk

by the Misses Duncan. The program of toasts was as follows:

"The future is a world limited by ourselves."—Miss Helen Jones '22.

"Our two favorite books of today—'Looking Backward' and 'The Dawn of a Tomorrow'."—Miss Ruth Woods, '20.

"Tis always morning somewhere in the world."—Mrs. G. H. Scott.

"May the links in our chain of friendship resist the file of time."—Miss Suzanne Mayer '21.

"May you never have nothing to say, and seldom too much."—Miss Genevieve Thomas, '21.

"Life is a pleasant institution, let's take it as it comes."—Miss Catherine Carter, '20.

"Bear in mind your labor is for future hours."—Miss Amy DeMotte.

"I count the hours as misers' coins."—Miss Dorothy Rogerson.

SILK SHIRTS

You may indulge your taste for an unrestricted choice of any of our silk shirts (whites excepted) at a very nominal price. Crepe de Chine and Tub Silks. Choose any of them, at

\$7.50

SENATOR LODGE'S KEYNOTE SPEECH

(Continued from Page 7)

able countries on the face of the earth. We must watch and wait no longer. We must have a man who has a policy and who will act. Nothing can ever be accomplished under the Wilson administration or under any administration in sympathy with it. Their miserable record of hopelessness for seven years. The time has come to put an end to this Mexican situation, which is a shame to our civilization. If we are to take part in pacifying and helping the world, let us begin here at home in Mexico. If we assert and protect the Monroe doctrine against Europe, as we must, and fulfill the duties and responsibilities which that doctrine imposes. The president has been unable or unwilling to do anything for Mexico, where anarchy exists and where civil war has raged for years. People are suffering. But he thinks our duty to take a mandate for Armenia, which would involve sending an army there for an indefinite time, which would cost, including the army and civil expenditures, \$25,000,000 for the first year, besides entangling us in all the quarrels and intrigues of Asia Minor and surrounding countries. Mexico lies at our doors. It is a primary duty for us to deal with it under the Monroe doctrine, but nothing has been done and yet we are asked to take a mandate for Armenia. The American people have a deep sympathy for Armenia. They have already given over \$30,000,000 for the relief of those starving and suffering people, a brave and gallant people, who deserve assistance and who have established a government. We are anxious to help Armenia in all reasonable ways and no doubt shall do so, but to take a mandate to control, protect any government that country would involve our sending our sons and brothers to serve and sacrifice their lives in Armenia for an indefinite time. This is a mandate which we in the senate of the United States thing should not be undertaken. It is a plan to get us involved in the responsibilities of the League of Nations and all the wars in which it may be engaged, without our being a member of the League. To such a proposition the only answer is a plain refusal. On the other hand, what the president has neglected—a like condition among an unfortunate people at our very doors—we must take up and by a wise and firm policy restore Mexico to the position which she ought to occupy and thereby help and relieve her people and so benefit the world and extend the reign of peace. The Republicans of the senate made another effort to put an end to the state of technical war with Germany and at the same time to rid the country of these measures which were adopted under the war powers of the Constitution and which are clearly unconstitutional in time of peace. They would thus have relieved the business and the daily occupations of the people from the burden of war legislation and at the same time have preserved to the United States under the provision of the treaty of Versailles. This resolution was passed by both branches of congress and vetoed by the president in a message which furnished neither argument nor reason for the veto, but which it must be admitted had a pleasant touch of humor in its allusion to the freedom of the seas. Thus the president demonstrated again that unless he could have his own way exactly and without any modification, he would not permit the country to be at peace, an exercise of executive power never contemplated by the Constitution.

There the story ends. We have named Mr. Wilson's treaty, and the question goes to the people. In 1916

Mr. Wilson won on the cry that "he had kept us out of war." He now demands the approval of the American people for his party and his administration on the ground that he has kept us out of peace.

Only words more before I close. During all the tedious weeks and months of the protracted struggle to save America from what we conceived to be the dire perils lurking in the covenant of the League of Nations, which Mr. Wilson presented to us, party was scarcely ever mentioned nor was the effect of our action upon the party considered. To this spirit I think our success was largely due. We made up our minds as to what our duty and our general policy ought to be and then the only difference was as to the best way which that duty could be performed. I believe that here today has made up its mind as to its attitude upon Mr. Wilson's great party which we represent League and all that it carried with it to its attitude upon Mr. Wilson's or danger and of menace. In making our contest before the people let us think of what the public interest, the future existence of the United States demand, without any consideration of party or of the personal interests of any man. Let us put the word "gold" into our platform in 1920 we took from the ordinary political point of view great risks, but we went to the people with indifference to our cause, and won. The way to assure victory now is to remember always what Mr. Wilson and his party threaten not only in the League, but in regard to the very foundations of our government. Let us for our part think of nothing except our cause and with that great end clear before us we shall hold with indifference to the lesser chances and inferior hopes meantime so pouring past. So thinking, so believing, we must win because the fight we are making is for the right.

Let us also in the battle we are to wage make no promises which cannot be performed. Let us not imitate the Democrats, who pledged themselves to reduce the cost of living by lowering the tariff when they well knew, for even they must have known, that their pledge was impossible of fulfillment, that the high cost of living could not be affected in that way, and every day since then has proved the falsity of their position. Let us not promise any millennium or pledge or fail to the performance of impossibilities. Let us simply lay policies, policies which are at once before the people our principles and our program. Let us pledge ourselves to do our utmost to carry these policies into effect. This we can do and we should bind ourselves no further. If the righteousness of our cause will not win, no false promises or delusive hopes will be of any avail. Let us be true to our highest traditions because in them we shall find both an inspiration and a guide. Let past dissensions among ourselves be relegated to history and forgotten by us. Let all honest differences of principle and methods, if there are such, be set aside until November, in order that the great and everlasting purpose in which we all agree and which we long to achieve may be attained. Make our declarations of principles so broad, so devoted to the one supreme object, that all may accept it and all work in it in spirit and in result. Thus inspired, thus united, we may feel assured that when the banners are lifted and the trumpets blown we shall march forth to a victory, not for our own party alone, but for principles and beliefs which are absolute. It is vital if the American republic is to continue on its triumphant course and the hopes of humanity, so bound up in the fortunes of the United States, are to be fulfilled.

The World's Largest Tire Factory Building 30x3, 30x3½ and 31x4-inch Tires

Owners of the smaller cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30 x 3-, 30 x 3½-, and 31 x 4 inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

MINISTERS TO MEET IN MEREDOSIA JUNE 15

All Day Group Meeting Scheduled for Meredosia District Ministers — Mrs. Edna Allen and Children Leave for Texas — Other News.

Meredosia, June 8.—An all-day and evening group meeting of the Methodist ministers will be held here Tuesday, June 15. The Ladies' Aid of the church will serve dinner and supper at the city hall.

Louis Hull, Mrs. Ruth Davenport and Harry Masterson, of Springfield, were guests Sunday of Mr. and Mrs. Charles Winningham.

Miss Irene Davis, of Versailles, was the guest of Miss Adaline Davis Sunday.

Rev. Miller, of Mendon, occupied the pulpit at St. John's Lutheran church Sunday evening.

Mr. and Mrs. W. O. Meier, William Duvenbark and family motored to Sinclair Sunday to visit Mr. and Mrs. Harry Butcher.

Katherine, Thelma and Theresa Deppie, of Jacksonville, are spending the week with their aunt, Mrs. John Moultray.

Mr. and Mrs. J. G. Berger, of Jacksonville, were guests of Mr. and Mrs. L. F. Berger Sunday.

L. F. Berger left Monday for Chicago to attend the national Republican convention, and while there will purchase a new line of dry goods.

L. E. Deppie, of Jacksonville, spent Sunday with Mr. and Mrs. John Moultray.

Harold Perry, of Pittsfield, spent the week end at the home of his parents, Mr. and Mrs. Elza Perry.

Mrs. Robert Mayes spent Monday with her father, Starratt Coy, at the Soldiers' Home, in Quincy.

Elza Perry and family spent Sunday with the family of C. E.

WHEN the torrid days come to fret the baby and the nasty flies are making him pug his little nose in wrinkles of disgust, one of the fans we are now showing will drive the heat and the flies away. It is a reasonable summer time comfort for the whole family. Buy an electric fan.

Now You Can Get FLAVO

WOMEN EVERYWHERE are demanding this better flour. Perhaps you, too, have wished for a flour with the wheat's native sweetness—the uniform and dependable flour—a flour not "killed" in the milling.

SUCH A FLOUR IS FLAVO, and you can now get it at home. We are the makers of Flavo for this community. Go to your grocer or ask us and we will see that you are supplied.

OUR AMERICAN (MID-GET) MARVEL mill is the modern scientific mill for superior flour making. It imparts to FLAVO an incomparable flavor, so nutlike, so appetizing and so delightfully pleasing to the palate to place it beyond the reach of comparison. Try it once and thereafter when you think of flour you will think of FLAVO. Order you sick today and enjoy this treat.

"How I saved a policeman's life"

EVEN THE EGGS.
WERE TIRED that morning.
AND THE COFFEE.
DIDN'T FOOL me one bit.
BUT WHEN after breakfast.
MY CIGARETTE tasted awful.
IT WAS too much.
AND A Grouch started.
AND WALKING to work.
I SWORE off smoking.
AND DECIDED to fire.
MY OFFICE boy.
BUT JUST before I decided.
TO KILL a policeman.
A MAN passed me.
SMOKING A cigarette.
AND SAY but the smoke.
THAT DRIFTED back.
DID SMELL good.
AND I followed him.
INTO A store.
HE THREW down two dimes.
AND SAID "The same."
AND SO did I.
AND SO I'm still smoking.
AND STILL keep that.
OFFICE BOY and I let that.
HANDSOME POLICEMAN live.
AND I'M going to boost.
THAT MAN I followed.
FOR PRESIDENT or something.
FOR REALLY those cigarettes.
DO SATISFY.

JUST a whiff of that spicy aroma of fine Turkish and Domestic tobaccos will make you hungry for this "satisfy" smoke. There are blends and blends, but none like this one. Chesterfield's blend is a secret and it cannot be copied.

How Farm Production Is Geared to Demand

SINCE the discovery of petroleum, the per capita production of wheat in the United States has more than doubled, and this in the face of a constantly decreasing percentage in our farm population. The products of petroleum have been largely responsible for the increase.

In 1850, 90 percent of our people lived on farms; in 1919 only 33 percent of the population was listed as rural.

In 1850 the per capita production of wheat was 4.4 bushels, while in 1919 it was almost 9 bushels.

On the farms of the Middle West—the bread-basket of the nation—the gas engine is best known. And here this engine is plowing, seeding, and harvesting by the square mile instead of by the acre, and it is doing the work better, quicker, and cheaper than it could be done by horse-power.

These engines must have gasoline, and they must have oil, both products of petroleum.

That is why the U. S. Government declares that "petroleum is a basic necessity, as much so as wool or wheat."

The manufacture and distribution of gasoline, lubricating oils, and other petroleum products, have been developed to a high degree of efficiency by the Standard Oil Company (Indiana).

This organization, trained by years of experience to anticipate unheralded conditions, has been able to foresee and prepare to meet problems, which, unsolved, might have proved disastrous.

Even transportation and other troubles in allied industries have failed to make an appreciable interruption in the steady flow of products from the refineries of the Standard Oil Company (Indiana) to the consumers of the Middle West.

What You Will Be Tomorrow Depends Upon What You Do For Your Health Today—

You Must Keep Your Blood Filled With Iron To Stand the Strain of Modern Day Life Says Physician—Explains How

Nuxated Iron
Helps Build
Red Blood

Strength and Endurance

Have you ever stopped to look yourself squarely in the face? Are you getting anywhere?—or just drifting—a little weaker, a little more nervous, a little more run-down every day? Nothing slips away so easily as HEALTH. Unless YOU hold fast to HEALTH by your own efforts—by keeping your blood pure, red and rich in iron—the day may come when all you can do is WISH you had acted sooner. Physicians explain below how to help make rich, red blood and increase strength, power and endurance, through the health-giving, strength-building power of organic iron—Nuxated Iron—which is now being used by over three million people annually.

"Success is in the blood," says Dr. John J. Van Horn, formerly Medical Inspector and Clinical Physician on the Board of Health of the City of New York. "There are men whose life can never keep down. They triumph over difficulties and ill-fortunes because they have within them the never-failing source of courage, confidence and power—pure, red blood, rich in stamina-building iron. Where others hesitate and

stumble, these men march forward with a firm step and take the best prices of life. Their brains are keenly alive, their bodies are fortified with the strength and energy that enables them to take and keep the best the world has to offer. But in the rush and tear of modern day life, many a man and woman neglect to keep their blood filled with strength-building iron and as a result they find themselves on the verge of a physical and nervous breakdown at a time when they should be enjoying their best years. In my opinion, physicians cannot emphasize too strongly the necessity of keeping the blood pure and red with plenty of iron, and I believe they should at every opportunity prescribe organic iron—Nuxated Iron—for its many benefits. It is one of the best tonic and red blood builders known to medical science.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, Out-door and Clinical Physician on the Board of Health of the City of New York, in commenting upon the active successful man and woman of today recognizes that a sound, strong body is the basis of all real achievement and they leave no stone unturned to safeguard their health. Lack of iron in the blood not only

Farm Bureau Notes

Grain Marketing Conference.
As previously announced, Jacksonville will have an important grain marketing conference at 2 p. m., Tuesday, June 15. Charles A. Adkins, of the state department of agriculture; Lawrence Farlow, secretary of the Farmers' Grain Dealers' Association of Illinois; J. C. Saylor, assistant secretary of the I. A. A., and William G. Eckhardt, director of the grain marketing department of the I. A. A., will be present at this conference.

The following subjects will be considered:
First: The hiring of four to ten of the most able solicitors for the purpose of assisting communities in establishing co-operative grain elevators.

A.—To be strongly enough financed to handle the business of that community.

B.—To put the elevator in a position to carry its proportion of grain from the period of marketing to the period of consumption, eliminating the need of speculative capital.

C.—To ship by the shortest and least expensive route the grain from the point of production to the point of consumption, excluding all except the essential handling.

D.—To have installed in all the new plants means for drying grain, so that the great waste, due to grain spoiling and the hauling of water can be eliminated.

INSPECTOR GIVES FACTS TO PUBLIC

Has Regained His Lost Strength and Says Tanlac Can be Depend On.

"The whole force down at the plant have noticed the change Tanlac has made in me, and a day never passes without somebody saying how strong and healthy I am looking," was the statement made the other day by James F. Dwyer, R. F. D. B. Sugar Creek Township, West Terre Haute, Ind. Mr. Dwyer is employed as brick inspector by the Vitrified Brick Co. of Terre Haute.

"I had suffered for five years with stomach trouble," he continued, "and last year I took a sudden turn for the worst and have been going down hill ever since. I got so I didn't know what it was to ever feel hungry, and when I forced myself to eat it nauseated me so I could hardly retain a thing. Why, sometimes my stomach was so upset I couldn't even retain a cup of coffee. My stomach pained me continually and at night I always had a fever and could never get any rest to do any good. I lost strength until I got so weak I could hardly hold out at my work during the day, and when night came I was so completely exhausted I was just able to make it home."

"That was my condition when a friend of mine advised me to try Tanlac and I honestly believe I ate more in the first ten days after I commenced taking Tanlac than I did for four months before. Why, I can hardly wait for meal time to come, and everything tastes so good I want to be eating all the time. My stomach feels like new and it makes no difference what I eat. I can digest it without a particle of trouble. I have regained all my lost strength and am several pounds heavier. My whole system has been built up, I never have a fever now and I sleep like a log every night. I advise anyone suffering like I did to give Tanlac a trial, for I know what I'm talking about when I say it can be depended on to do the work."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.—Adv.

E.—To make these plants large enough to carry their proportion of grain from a very favorable year, when excess production occurs, to a year when less favorable seasons require the carry-over.

F.—To promote the joining together of these elevators to own the required terminals, coal mines, saw mills, or other business that may be essential to develop the efficiency and promote the welfare of the entire community.

Second: To establish a clearing house to begin operations as soon as enough of the farmers' elevators already established and those to be established warrant its success. This clearing house shall function as a brokerage connecting the producer and the consumer by the lines of least resistance.

Pig Club Work.

The members of the Morgan County Pig Club will not get their pigs until some time this month. We want the pigs immunized for cholera before being distributed. Each pig will also be registered in the name of the boy or girl receiving the same.

Executive Committee Meeting.

A quorum failed to report Saturday for the regular monthly meeting of the executive committee. This deferred meeting is set for 7:30 p. m., Saturday, June 12. This will be a decidedly important meeting and all members are urged to be present.

Soybeans in Demand.

The farmers of Morgan county are planting an increased acreage of corn and soybeans for hogging down. In addition some are sowing for hay and seed. We still have a small quantity of dependable seed in sight, which will prove helpful to the man who gets into the game at the last hour.

Farm Visits.

At present we are making these on request only. However, we want members to feel free to ask for service from this office, even if it calls for a farm visit, just the same as when we had a smaller membership. We will endeavor to answer those calls promptly, no matter how far from headquarters the member may live. A membership in the farm bureau entitles the members to personal service without additional charge whatever.

Army Worm.

Adults of the army worm were abundant this spring during the first week in April, and again from about the 22nd to 25th, the period of scarcity between these two dates being due to cold weather. Eggs were laid during both the periods in abundance and have been hatching for the past two weeks in the south and south central counties; worms are now generally abundant and causing some damage in these counties. They may be looked for in considerable numbers in the central parts of the state during the present week, and in the north central part during the week following. In many localities moths of the army worm were more abundant this season than in 1919, during the next two weeks close observation should be kept on blue grass pastures, timothy meadows, rye and wheat fields, and if young worms are found, prompt control measures should be taken. From present indications the worms will be fully as abundant as last season and serious damage can only be prevented by poisoning or preventing the migration of the worms before they have become full grown.

CITY OFFICERS REPORTS

The reports of the following officers have been received and placed on file:

H. C. Webb, water superintendent. Water meter repairs sold, \$193.30; meter repairs \$18.04; taps sold, \$9. Total, \$3,352.48.

H. C. Clement, city treasurer, reported a balance in the general fund May 29, of \$11,523.63.

Dr. A. M. King, city physician, reported total deaths for month as 50; male 28, female 22. Forty-eight white, four colored. By ward, First ward, 14; Second ward, 23; Third ward, 5. Fourth ward, 28. Deaths at insane asylum, 28. Deaths in city, 21. Residents, 21; non-residents, 18. Under one year, 4; one to five years, 2; five to twenty years, none; twenty to fifty years, 14; fifty to seventy years, 18; over seventy years, 17.

The report of Chief Hunt of the fire department was the same as that published in The Journal a few days ago.

Frank Kiloran reported \$54 collected for oil inspection and \$1,662 collected during May for wheel tax.

Frank Tendick, superintendent of the garbage department, reported \$136.58 collected in his department.

Frank Kiloran, chief of police, reported 18 arrests for the month. Total fines and costs collected, \$112.40.

J. A. Crum, justice of the peace, reported \$112.40 for fines and costs for May.

A dollar saved is a dollar made. Answer: Trade at **PEOPLES' FURN. CO.** 209 So. Sandy St.

ATTEND FUNERAL OF UNCLE

E. A. Brennan and Frank Sullivan returned yesterday from Springfield, where he went to attend the funeral of his uncle, John Brennan, which was held from St. Joseph's church Tuesday morning. Mass was said by the Rev. Father O'Reilly. Burial was in Calvary cemetery, Springfield.

Miss A. K. Williams of Kane is the guest of friends in the city.

PREPARING FOR THE CONVENTION

Sunday School Workers Will be Here in Force the Coming Week.

A meeting of the local committee of the State Sunday School convention was called by Dr. G. H. Kopperl in his office last evening at 7 o'clock.

L. Mathis, general chairman of the entertainment committee was present and reported good progress and about one half of the places for the delegation had been arranged for in the Jacksonville homes. The committee wishes that those who are interested in taking delegates would remember that free entertainment is not asked, but that each delegate will expect to pay seventy-five cents for bed and breakfast each day they are here. The committee is anxious that every citizen of Jacksonville realize the largeness of this convention and rise to meet the occasion, for this will be by far the largest convention the city has perhaps ever entertained.

Chas. Williamson reported for the arrangements committee and said that the churches were responding in every possible way with space and equipment. Miss Mathews reported good interest and progress in the plans for the pageant. Several rehearsals have been given and the choruses are being formed rapidly.

T. M. Tomlinson reported for the transportation, that committees were appointed in various churches to secure automobiles.

Wayne Gard reported about the exhibit committee and decoration were being made.

C. O. Bayha and J. S. Finley were present and reported that some progress had been made securing registration and advertising the coming convention.

SCIENTISTS MAKE NEW CASTOR OIL REALLY TASTELESS

Remarkable Process Improves Famous Old Family Remedy

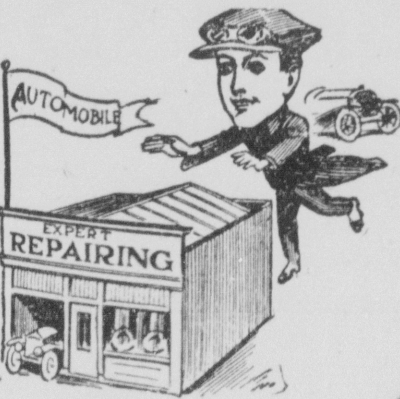

Nobody ever dreamed that castor oil could be made tasteless. But the chemists of Spencer Kellogg & Sons, Inc., one of the largest manufacturers of castor oil, tackled the problem and succeeded in perfecting a process by which the taste is absolutely removed. Today everybody can take castor oil easily, for Kellogg's Tasteless Castor Oil is really tasteless. Nothing is put in to disguise the taste. Strength and purity are unchanging. Curative, healing, and soothing qualities remain the same. It's the same good, old fashioned castor oil that your doctor always prescribes with the taste removed. Children take Kellogg's Tasteless Castor Oil easily. No bribing or coaxing. You can now get Kellogg's Tasteless Castor Oil at all good drug stores. Do not accept substitutes, if you want a really tasteless castor oil. Insist on Kellogg's Tasteless Castor Oil. Two sizes, 35c and 65c.—Adv.

WHY NOT ORDER THAT MONUMENT NOW

You know that every commodity is steadily increasing—and it is true in our line. We can save you money if you place your order before our present stock is exhausted. We handle "Balfour Pink," rightly named "The Granite Eternal." We invite you to call and talk the matter over with us.

They Don't Clean Teeth

In Your Way Now—Not the Men Who Know

All Statements Approved by High Dental Authorities

They Now Combat the Film

Dental science has found a new way to clean teeth—a way that combats the film.

Able authorities have proved it for years in clinical and laboratory tests. The facts are beyond any question. Leading dentists all over America now urge people to adopt it, and a million or more have done so.

This method, for home use, is embodied in a dentifrice called Pepsodent. And this week we offer, to every home in this city, enough for a ten-day test. For your own sake you should make that test.

Why Teeth Discolor and Decay

You can feel on your teeth a slimy film. It is ever-present, ever-forming. It clings to the teeth, gets between the teeth, enters crevices and stays.

The tooth brush does not end it. The ordinary dentifrice does not dissolve it. So, night and day, that film may do ceaseless damage. And most tooth troubles are now traced to it.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

You Must End It

Millions of people find that brushed teeth discolor and decay. Tartar forms and pyorrhea starts. Statistics show that, despite the tooth brush, tooth troubles have been constantly increasing.

The reason lies in that film. To prevent the troubles you must end the film. Let this ten-day test show you the way to do it.

Now Millions of Teeth Are Kept Whiter

Pepsodent is now applied to millions of teeth every day. The result is seen everywhere in glistening teeth. Some of your friends can show them.

Those teeth glisten because they are clean. The film is kept removed. Now we ask you to see how your own teeth look after a ten-day use.

Based on Pepsin

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed forbidden. It must be activated, and the usual method is an acid harmful to the teeth. What science has now found is a harmless activating method. Now pepsin can be applied twice daily—can be left between the teeth. And five years have proved that this discovery opens a new dental era.

Look at Your Teeth in Ten Days

The results are easily shown and we urge you to see them. Read how they come about. Then decide for yourself what is best for your teeth and for your children's teeth.

Present the coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Compare the results with your present methods. Remember that those whiter teeth mean cleaner teeth—teeth kept freer from film. Then decide for yourself about going back to former cleaning methods.

Make the test this week, while the 10-Day Tube is free. The result will be of lifetime importance to you. Cut out the coupon so you won't forget.

They Keep Teeth White
by keeping them free from film
The old ways failed to do that

They Teach Children
how to really clean teeth, and how to combat the film which is the source of most tooth troubles.

Daily Market Report

TRADING ON EXCHANGE

IS PROFESSIONAL
NEW YORK, June 8.—Business on the stock exchange today was again very superficial and almost entirely professional. The usual fluctuations were overshadowed by the greater interest manifested in the course of political events at Chicago.

The only untoward development of the session was the news that dividends on the common and preferred shares of the Chicago and Northwestern railway had been cut.

After an unbroken record of 18 years at 7 per cent, the common stock was reduced to a five per cent basis, while the preferred was cut from 7 to 6 per cent. This was deemed advisable because of uncertain transportation conditions.

Chicago and Northwestern common, ordinarily one of the most inactive issues in the railway list, suffered an extreme decline of 10 points to 70 1/2 on very heavy offerings, and closed at a net decline of 8 1/2, while the preferred dropped 10 points to 103 on a single sale.

Rails, as a group, which had shown marked strength earlier, broke sharply, the reaction extending to industrials and specialties.

Almost the only issues to withstand the later pressure, heightened by call money's advance to 10 per cent, were some equipments. There were moderate recoveries before the close, when money eased to eight per cent. Sals, 375,000 shares.

Another advance in Anglo-French five to a new high quotation, featured bonds. Liberty bonds were irregular. Total sales, par value, \$17,775,000. United States bonds unchanged on call.

Chicago Livestock Market

Chicago, June 8.—Cattle—Receipts 8,000; beef steers mostly 50c higher, some sales 75c higher; top, heavy and long yearling steers, 16.25; bulk, all weights, \$13.75 to \$15.00; fat cows and heifers, 2.50 higher, with bulk, \$9.00 to \$11.25; calves and cutters, steady to higher, with bulk at \$5.50 to \$8.00; bulls, strong to higher; veal calves, 50 cents to 75 cents higher, with bulk, \$14.00 to \$14.75; stockers and feeders, 25 cents higher.

Hogs—Receipts 33,000; opened 15 to 25 cents lower; closed strong to 10 cents higher than lowest; top, 14.50; bulk, light and light butchers, \$14.25 to \$14.50; bulk, 25 pounds and over, \$13.60 to \$14.20; pigs, 25 cents to 50 cents higher; bulk, \$10.25 to \$11.25.

Sheep—Receipts 5,000; quality poor; lambs, 50 cents to \$1 higher; sheep steady; best shorn lambs, \$16.50, and bulk, \$12.00 to \$14.50; new native springers, \$16.50; choice ewes, \$7.50 to \$8.00; feeder lambs, \$7.00 to \$10.50; breeding ewes, \$7.00 to \$10.50.

E. St. Louis Livestock

East St. Louis, Ill., June 8.—Cattle—Receipts 2,200; 25 to 50 cents higher; top steers, \$15.35; bulk, \$11.85 to \$15.00; yearling steers and heifers, 50 cents higher; canner cows, 25 cents higher, \$5.00 to \$5.50; bulls, 25 cents higher; calves steady; good and choice vealers, \$13.00 to \$14.00.

Hogs—Receipts 10,000; 10 to 20 cents lower; top, \$15.00; bulk, light and medium weights, \$14.50 to \$14.75; bulk, heavies, \$13.75 to \$14.40.

Sheep—Receipts 5,200; lambs steady; sheep weak; top lambs, \$16.00; bulk, \$13.50 to \$15.00; top ewes, \$6.00; bulk, \$7.00 to \$8.00.

LUKEMAN BROTHERS

*The Home of Hart Schaffner & Marx Clothes
Jacksonville, Illinois*

GOING OUT of BUSINESS

WE'VE BEEN FORCED OUT

Our entire stock of Clothing, Furnishings and Fixtures must be sold in the next 60 days. The building we are in has been sold and we are asked to give possession in August. We cannot get a suitable room, therefore we must retire from business and close out our entire stock.

It's hardly necessary to mention how this sale will be conducted, as most people in this community know how we have done business the past ten years, and we hope to retire from business and hold the good will of the people, as we have in the past.

The stock we have always carried is standard and high grade. You won't find any shoddy goods here. We shall close out our \$50,000 stock at prices you may never hear of again. We cannot put the prices of all the articles we have for sale on this bill, therefore you must come here and see for yourself the many bargains we have to offer. We can only list a few.
